I'd like to fly.

Favorite professor

Dr. Phelan

Favorite college activity

Homecoming..... especially the skit night

Most memorable college moment

When President Gorbachev came to Eureka College

What brought me to Eureka

The first time I visited Eureka College I knew it was the right place for me, the historic buildings, and kind people made me fall in love with this place! What I have come to love about it are the small classes, and the individual attention you receive from each professor.
