

Your College education is at risk!

Without state financial aid 138,000 Illinois college students may be forced to drop out.

You or someone you know may not be able to continue their education because the Illinois Monetary Award Program (MAP) has been cut by \$200 million.

These students are our classmates and they come from families with an average annual income of less than \$40,000. They cannot continue in college without MAP.

You can help!

- Call or write your State Representative and State Senator today!
- Ask them to "Save the IL MAP grants, before the end of October"
- Tell your parents to call their legislators.
- Spread the word, tell other students.

Join our fellow students in Springfield on October 15th and help us tell the Governor and Legislature to Save MAP.

Register for the rally here:
