All documents contained in the Student Handbook have been reviewed and approved by the Student Life Committee and reviewed by the Trustees of Eureka College. Individual sections will note if additional approvals are needed.

The college reserves the right to implement changes at any time. All changes are applicable to all students when and as announced.

Letter from Eureka College President

Dear Students,

Welcome to the 161st academic year at Eureka College!

This handbook is designed to be an essential tool and vital reference source for all students.

If you are a new student, please take the time to carefully read the entire handbook so that you may come to understand the rich history of the College as well as become familiar with the many policies and procedures that govern student life.

If you are a returning student, please consult the handbook for any topic or issue that may be of concern and so that you will be up to date with any new or revised policies and procedures.

If you have questions about the items in the handbook, please direct your questions to appropriate administrative offices such as the Office of the Provost, the Business Office, or the Office of Student Programs and Services.

Best wishes for a successful and productive academic year!

J. David Arnold, Ph.D.
President
Letter from the Student Body President

To the student body,

My name is Hannah Brocksmith, and it is my great pleasure to serve you as Student Body President for the 2015-2016 academic year.

For three years now, I’ve called Eureka College my home. While it may seem strange to call a residence hall room and classroom home, that’s exactly what Eureka has been for me. It is my hope that, whether this is your first year here or your fourth, a home is exactly what Eureka will be for you as well. During your time here, you’re going to hear about “Eureka moments,” those aha moments when you’ll be sure you belong here. It might happen during homecoming, or rehearsal for a play, at a football game, a late night study session, or a midnight run to Steak N Shake. But, during that moment, you’ll know. You are going to make some of the best friends of your life here, and create lasting memories, and for four years, Eureka College will be your home.

During your time here, keep in mind that the Student Senate is here to serve you, and help make your home here a better one. If you have any questions or concerns, please ask me or one of the other members of Senate. We’re here to serve you, and we love hearing from other students. Our meetings are Wednesday nights at 6:30 p.m. in the Terrill Rooms, Cerf Center and they are always open to the public, so please stop by and get to know your senators a little better.

Yours ‘neath the elms,
Hannah Brocksmith
Student Body President

Mission of the College
Eureka College, affiliated with the Christian Church (Disciples of Christ), is a liberal arts and sciences institution which also provides professional programs with a liberal arts emphasis. The College exists to cultivate excellence in learning, service, and leadership. The College fosters the mutual development of intellect and character so that the members of our community may lead meaningful, productive lives and succeed in their professional and social roles.

Throughout its long history, Eureka College has continued as an institution of arts and sciences, emphasizing a Christian-oriented liberal education. The College has never wavered from this mission.

Eureka College is a learning community where individuals of diverse backgrounds, talents, and abilities may come together to pursue a Christian-oriented liberal education. This mission emerges from the JudeoChristian heritage, is expressed by concern for a better world, and is implemented in an educational community dedicated to the welfare of humanity. The College is committed to the development of persons who will be able to think for themselves and communicate effectively, who will be professionally competent, and who will be able to deal creatively, constructively, and in an integrated way with questions of moral, religious, and aesthetic value in their individual lives. Eureka College is determined to provide personalized attention and opportunity for involvement to every individual within the College community.

Our Core Values:
• Dedication to learning — We will provide every possible opportunity for learning and will seek to motivate each other to constantly improve our knowledge and understanding.

• Honor — All members of the college community will act in an honest, candid, and selfless fashion when dealing with issues concerning the College.

• Sense of community — We will work to build a community where each person is a valued, respected member. We will honor both tradition and progress equally as we keep the best of our past while building a better college. We will maintain a safe environment for learning. We will work together to accomplish our goals and will trust each other to provide the best effort as we work toward these goals.

• Diversity — We will honor the spirit of our abolitionist founders by creating a campus community that reflects the diversity of our nation and promotes intercultural understanding.

• Leadership — We will encourage everyone to seek constructive challenges that lead to positive growth. We will seek to provide opportunities for everyone to participate in activities where they feel they can contribute. We will encourage the development of leadership and create the opportunities for all members of our community to be positive agents for change.

• Decision-making and Communication — We will make decisions based upon careful assessment of data and not on prevailing opinion. We will make our best effort to ensure that those affected by decisions will have the opportunity to provide information to the process prior to decisions being made. We will each strive to ensure that plans, decisions, and information are fully, candidly, and respectfully communicated with every person who will be affected. All such communication will be done in a clear and timely manner.

• Stewardship and Sustainability — As we act to grow the College, we will be mindful that we must manage our resources in ways that preserve both the College and our natural resources for future generations.
• Excellence — We will set high standards academically and socially. We will communicate these standards clearly and will challenge each other to meet these standards. We will pursue our endeavors with a sense of quality of both process and results. We will encourage excellence in every enterprise we undertake.

• Service and Servant Leadership — We will provide opportunities for service learning, encourage participation in community service, and promote a lifelong commitment to servant leadership.
Goals of the College
The true purpose of education is to realize the potential of the whole person. At Eureka College the student's potential is realized not only by the accumulation of knowledge, but also by challenging experiences, both in the classroom and in co-curricular activities. The educational experience at Eureka College is designed to help the student achieve ten goals:

• the development of the intellect: the ability to analyze, compare, evaluate and reason, and the ability to deal with abstract concepts.

• the development of communication skills: reading, writing, speaking, listening, visual communication, and mathematics.

• the development of aesthetic awareness through encounters with great works of art, music, and literature, and through self-expression in the arts.

• the development of cultural awareness through knowledge of the outstanding events and personalities of our common heritage.

• the development of understanding of the natural environment as revealed by science and the social environment created by human cultures.

• the development of physical fitness, alertness, and vitality.

• the development of competence in at least one academic or professional field.

• the development of a greater social awareness and a greater sense of personal responsibility through participation in a community of living and learning.

• the development of personal values based on an awareness of the serious challenges facing the individual, the family, the community, the nation, and the world, with an effort to find the best solutions proposed by various thinkers of our cultural heritage.

• involvement in the search for ways to use knowledge in leadership and service to further the welfare of humanity.
Expectations and Standards in a Community of Learning
Eureka College is a community of learning. Eureka College is committed to the philosophy of learning both within and outside the classroom, intellectually, physically, socially, and ethically. Respect for the rights of others is a basic ingredient of this developmental experience. Everyone at the College is expected to act in ways that support and promote the learning, growth, and development of all - students, faculty and staff. As a member of our community, you are at all times, expected to:

Within the boundaries of the expectations listed above, the College has no desire or intent to place restrictions upon you or to curtail any legitimate activity of anyone acting in a mature and responsible manner.

Any members of our community who violates the community expectations and standards described above may find themselves subject to disciplinary action by appropriate bodies and agencies. In addition, if violations of law have occurred, legal action may result.

Protection of Freedom of Expression and Inquiry
Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course in which they are enrolled. Students are to act responsibly in this reasoned exception, foregoing actions, either singly or in concert with others, to obstruct or disrupt any teaching, administrative, or any other activity authorized to be held or conducted by Eureka College.

Students should be free to examine and discuss all questions of interest to them, and to express their opinions publicly and privately. It should be clear that students in their public expression, demonstrations, and inquiry into subjects of interest do not necessarily imply approval or endorsement by a sponsoring group or this institution. Institutional control of facilities should not be used as a device of censorship. As an integral part of this freedom of expression and inquiry, this institution shall allow students the right to invite and hear any person of their choice, as long as the College policy governing campus speakers guides presentations by that speaker and the sponsoring organizations.

The discussion of ideas through student publications and the student press is a valuable aid in establishing and maintaining an atmosphere of responsible discussion and of intellectual exploration on campus. Student publications serve as means of bringing student concerns to the attention of the faculty and institutional authorities and of formulating student opinion on various issues on the campus and in the world at large. Financial and legal autonomy of the student newspaper is not possible at Eureka College. Thus the matters related to editorial responsibility and freedom are particularly important, requiring coordination and review of published materials with the faculty advisor. At the same time, the editorial freedom of student editors and managers entails corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo. Violations of this policy will be addressed through the process defined in Judicial Policies under the Student Publication Policy Violation.

Protection of Due Process
Students have protection through orderly procedures against prejudiced or capricious evaluation in academic and disciplinary matters. Students are guaranteed due process and opportunities for reasonable appeals in matters of action and concern. At the same time, students are responsible for maintaining standards of academic performance established by the college faculty (individually and collectively) and for adhering to standards of conduct established by the College. Academically, student performance should be based solely on an academic basis, not on opinions or conduct in matters unrelated to academic matters (for more specific information, see the Judicial Policies).
Protection of the Freedom of Association
Students bring to the campus a variety of interests acquired previously and will develop many new interests as members of the academic community. Students should be free to organize and join associations to promote their common interests; however, such freedom does not imply college recognition. College guidelines should not be used to censure a student's right of association or to limit a student's interest.

Protection of the Exercise of the Right of Citizenship
College students are both citizens and members of an academic community. As citizens, students enjoy the same freedom of speech, peaceful assembly and right of petition that other citizens enjoy. However, as members of the academic community of Eureka College, enrollment is considered an implicit declaration of acceptance on the part of the student of College regulations, both academic and social. Faculty members and administrative officials should insure that institutional powers are not employed to inhibit the intellectual and personal development of students as is often promoted by their exercise of citizenship provided by our national constitution. It is recognized by Eureka College that students, individually and collectively, have the right to express their views on institutional policy and on matters of general interest to the students of Eureka College. The College recognizes the role of student government in voicing and representing student concerns in the formulation and application of institutional policy affecting academic and student affairs.

It is in these statements on the rights, freedoms and responsibilities of Eureka College and its students that the living and learning environment is defined, enhancing the students' total development as an educated, contributing member of society and his/her individual community.

Student Code of Conduct

Students enrolling in Eureka College assume an obligation to conduct themselves in a manner compatible with the purpose and principles of the college. Student behavior should be such that concern for other persons is displayed. This principle is directly derived from the central purpose of the College. At a minimal level, this means that no conduct on the part of any individual or group should cause harm to others or seriously inconvenience others. At a more mature level, the principle of concern for others means thoughtful and helpful behavior towards other persons. The Basic Policy outlined in the Expectations and Standards in a community of Learning of the Student Handbook is central to the College’s policy on student conduct and is considered an integral part of the Student Code of Conduct expected of all Eureka College Students.

The following standards and procedures are College policy. All students are held accountable to this policy. Violations of the Student Code of Conduct should be addressed by the Associate Provost for Student Affairs and Dean of Students or his/her designee. Students have the right to seek disposition from the Associate Provost for Student Affairs and Dean of Students or his/her designee or seek direct disposition from the Judicial Board. The Judicial Board provides an avenue for appeal of decisions of the Associate Provost for Student Affairs and Dean of Students. Appeals of decisions of the Judicial Board are made to the Provost of Eureka College.

Response to Official Notice

It is the student’s responsibility to respond immediately to any official request from a College faculty or staff member. This includes requests for meetings, interviews, identification, and other reasonable directives by a College staff member, College official or faculty member in the authorized performance of his/her duties.

Use of Identification Cards

All students are provided an identification card which serves as the official College identification. Lending the ID card to anyone is forbidden. Loss of the card should be reported to the Student Programs and Services Office. There is a replacement charge that will be placed on the student’s college account.

Dishonesty

Dishonest actions, for example cheating, plagiarism, forgery, alteration, or misuse of College documents or records of identification are not permitted. This shall include knowingly furnishing false information to the College or College officials. It must be noted that dishonest actions relating to academic matters, for example cheating or plagiarism, will be referred directly to formal hearing by the Judicial Board without the student first being offered informal disposition by the Associate Provost for Student Affairs and Dean of Students.

Physical or Mental Abuse

Physical abuse of any person is strictly forbidden. Conduct which threatens or endangers the health (mental or physical) or endangers the safety of any person is unacceptable for any Eureka College student.

Hazing

Any action or support of action which can be deemed hazing is strictly forbidden and is not condoned by the College. “Hazing” means any intentional or unintentional act which is knowingly or recklessly committed by one person, or acting with others, directly against a student, that endangers the mental or physical health or safety of a student for the purpose of, or resulting from, pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization, recognized or not recognized, whose members are or include students. The willingness of an individual to participate in such activities shall not be a consideration mitigating disciplinary action.

Property Use
Theft of and/or damage to property of the College or of a member of the College community or of campus visitors is forbidden. Littering or otherwise marring the appearance of College property is a violation of these guidelines.

Drug Abuse
The illegal use of prescription drugs as well as the possession and/or distribution of controlled, narcotic, or illegal drugs, including marijuana, cocaine, etc. by Eureka College students are prohibited.

Gambling
Gambling is prohibited on campus. This applies to games of chance for which a fee is paid for consideration, betting, internet gambling, etc. Exceptions can be made by the Associate Provost for Student Affairs and Dean of Students for organization raffles and fund-raisers.

Alcohol Policy
Students of legal drinking age (21 years old) are allowed to possess and consume limited amounts of alcohol in residence hall rooms or at official scheduled social functions that have followed the process outlined in the College Alcohol Policy. The complete detailed alcohol policy is included in the Student Handbook.

Disorderly Conduct
Disorderly conduct or lewd, indecent, or obscene conduct or expressions is unacceptable under these guidelines. Students shall not either singly or in concert with others obstruct or disrupt any teaching, administrative, or any other activity authorized to be held or conducted by or at Eureka College.

Fireworks/Firearms
Students are not permitted to bring firearms to campus. The possession of any firearm or explosive on College property, including pellet guns, fireworks, etc. is not permitted on campus. See specific Eureka College Weapons and Firearms Policy pursuant with regulations under the Illinois Firearm Concealed Carry Act.

Fire Safety and Medical Equipment
Fire extinguishers, fire alarms, Automated External Defibrillator, (AED) and other safety equipment on campus are placed for the safety and security of the campus community. Misuse of this equipment is both a violation of College regulations and of city and state laws. Disciplinary sanctions as well as civil actions can result from misuse of this equipment.

Commercial Enterprises
No commercial enterprises shall be conducted on campus by any individual who is not a member of the campus community (faculty, staff, or student) without the written permission of the Associate Provost for Student Affairs and Dean of Students. Students are not allowed to collaborate with members or non-members of the campus community in solicitation or marketing programs without permission. Commercial enterprises would include distributing literature or promotional materials on campus property inside or outside of buildings or on automobiles. Members of the campus community must follow established policies in regard to fundraising or other commercial programs.

Violation of Law
Students who violate federal, state, and/or local laws involving conduct on or off campus are subject to disciplinary actions. Students who are charged and/or arrested for violations of law are subject to temporary suspension from the College. This is specifically significant when it is determined by the Associate Provost for Student Affairs and Dean of Students that the presence of the student on campus would seriously disrupt the College community or constitute a danger to the health, safety, or welfare of themselves or others.
Party of Violations
Students who knowingly and willingly are present during a violation of any College policy, or who are knowledgeable accessories to such violations, may be subject to disciplinary action.

Violation of Other College Policies
Campus policies and regulations, including but not limited to regulations concerning the registration of student organizations, the use of College facilities, the campus alcohol policy, and the policy on sexual harassment should be carefully followed by Eureka College students and are considered an integral part of these rules and regulations. Rules governing residence in College-owned or controlled property are also considered a part of these guidelines.

Smoke Free Campus
Illinois law as well as College policy prohibits smoking in buildings on campus or within 15 feet of an entrance to a building. This prohibition of smoking includes residence hall rooms and fraternity or sorority houses that are approved for student housing.
Student Ethics Code
In response to a concern for individual responsibility to demonstrate integrity and honesty in one's academic challenges, the 1988-89 Student Senate developed a statement of ethics. Written by Bret Heinrich and Phil Stiles, the following statement was passed unanimously by the Eureka College Student Senate, supported by the Eureka College Faculty, and presented to the College's Board of Trustees. It is a Code of Ethics that exemplifies the highest standard of academic excellence expected of all Eureka College students. Enrollment in Eureka College is an acceptance of the standards outlined in this statement.

Goal
To instill high levels of academic honesty, integrity and conduct among the Eureka College community by refusing to tolerate cheating, plagiarism and collusion in any form whatsoever.

Eureka College is an institution of arts and sciences emphasizing a Christian-oriented, liberal education. A function of the College is to bring together thinking people in an atmosphere conducive to the exchange of ideas, cooperation, honesty, integrity, and respect for the ideas and research of others. Eureka College stresses the development of the individual as well as mastery of skills and the acquisition of knowledge.

Academic dishonesty severely undermines the education of the student. Areas of academic dishonesty include cheating, collusion, and plagiarism.

Cheating
- Copying from another's paper, communicating with another during a test, or giving unauthorized help to another during a test;
- Using any unapproved materials on a test;
- Sharing, using, obtaining, or trying to obtain a test or any part of a test before the testing period;
- Employing any unapproved methods in course work or preparation for a test.

Collusion
The unauthorized collaboration of course work. This precludes a student from using work submitted to another instructor as original work without prior approval.

Plagiarism
To use the ideas, words, or work of others as one's own. This precludes a student from using work submitted to another instructor as original work without prior approval.

Students, Faculty and Administration share the responsibility of promoting high moral standards and removing opportunities in which a student may be unethical. Therefore, academic integrity is an active responsibility of everyone in the Eureka College community. In sensitive situations, the individual should exercise wisdom, discretion and sound judgment.

Statement of Compliance
Among Eureka College's proudest and most important traditions are honesty, integrity and a strong commitment to the highest ideals of moral and ethical behavior. Students agree to comply with the letter and the spirit of this document. Additionally, students must be aware that failure to comply with any part of this document may
History of Eureka College
Eureka College was founded in 1855 by a group of abolitionists from Kentucky who were members of the Christian Church (Disciples of Christ), which has a long history of supporting education. Seventeen colleges and universities across the United States owe their roots to the Disciples of Christ.

These pioneers believed in an education infused with values. Over the years, Eureka has exemplified this belief and continues to produce leaders who are known equally for their intellect and their character. Our college has produced industry leaders, political leaders, educators, and scientists. Forty two of our graduates have gone on to become college or university presidents. One of our 1932 graduates, Ronald W. Reagan, became the 40th President of the United States.

The College is proud of its heritage, its church connection and its illustrious alumni, just as we are equally proud of our current student body and the contributions that our students make.
Ombudsperson
The Ombudsperson at Eureka College is appointed by the President from among those who are members of, or are closely affiliated with, the Eureka College community. The Office of the Ombudsperson serves as an alternative dispute resolution resource for the Eureka College community, under the ethical principles of independence, confidentiality, impartiality, informality and privilege, as described in the “Services of the Ombudsperson” document, available upon request from the Ombudsperson. Members of the College community who are considering filing a complaint or grievance are encouraged to consult the Ombudsperson. The Ombudsperson has no authority to make decisions, nor is he/she a formal arbitrator or mediator. The Ombudsperson does not act as an advocate. The role of the Ombudsperson is to provide counsel to the complainant on the process to be pursued, and, at the complainant's request to seek to discover and clarify facts related to the incident or incidents causing the complaint or grievance. In that process, the Ombudsperson may seek to achieve a resolution, acceptable to both parties, outside of formally established procedures. The Ombudsperson's role is limited to that described in the “Services of the Ombudsperson” document, and is referenced in the Faculty Handbook, Employed Handbook and Student Handbook.

Therefore, the Ombudsperson is available for the entire campus community, faculty, staff, and students for informal and confidential counseling on issues of concern. If attempts to achieve a resolution are not successful, or if the complainant chooses not to request the Ombudsperson's assistance, the Ombudsperson's role in the process ends.
Covenant between The Christian Church (Disciples of Christ) and Our Colleges and Universities

An Introduction to the Revised Covenant
This revised covenant is offered to all fourteen colleges and universities in covenant with the Christian Church (Disciples of Christ) and to each Disciples of Christ congregation, region, and general unit as an opportunity to strengthen the on-going relationship between our undergraduate institutions of higher education and the Church.

This document is a revision of the 1977 covenant adopted by the colleges and universities and the Church. At the request of the Council of College and University Presidents and the board of Higher Education and Leadership Ministries, the General Minister and President appointed in 2008 a task force to review and revise our thirty-year covenant. The Council of College and University Presidents approved the revised covenant at their meeting at Lynchburg College, November 3-4, 2009.

The board of Higher Education and Leadership Ministries approved the revised covenant on December 2, 2010. The General Board of the Christian Church (Disciples of Christ) meeting February 26-March 1, 2011 approved this revised covenant.

The Covenant
From its frontier beginnings, the Christian Church (Disciples of Christ) has valued education, treasured learning, respected scholarship, and regarded colleges and universities as essential to its mission of transforming individual lives and the larger society. The founders of our movement were teachers and administrators of Disciples colleges who intentionally integrated faith and reason into their lives and into the lives of their institutions of higher education.

Within the universal Body of Christ, the Christian Church (Disciples of Christ) is known for its ecumenical and inclusive vision, as well as its commitment to intellectual curiosity and collaboration. Across national boundaries this church expresses itself in covenantal relationships in congregations, regions, general ministries, and in partnerships with institutions of higher education. Each Disciples college and university is characterized by its own integrity, self-governance, authority, rights and responsibilities. From this covenantal relationship the Christian Church reaffirms its commitment to the role of higher education in the fulfillment of its total mission.

Consistent with the Disciples’ identity as a movement for wholeness in a fragmented world, our colleges and universities model the welcoming table through their non-sectarian approach to learning and teaching. The core values of a liberal arts education are shared by the church: valuing the dignity of all people, acting with
integrity and responsibility, viewing self as part of community, living life within a global context, providing service to others, and pursuing life-long learning. These shared core values are the basis for the covenantal partnership between the church and its colleges and universities.

**The Partnership**
The church benefits from this partnership with its colleges and universities in developing servant leaders, fostering global awareness, and encouraging a passion for peace and justice. Likewise, colleges and universities benefit from this partnership with the church’s ethical insights and essential values. We share a commitment to an anti-racist/pro-reconciliation vision of the church and world and to ecological sustainability. We work together to discern truth, encourage critical thinking, and participate in moral formation of persons.

In partnership with the church, Disciples colleges and universities participate in the deliberative processes of the church and maintain appropriate relationships as provided for in the *Design of the Christian Church (Disciples of Christ)*. Disciples colleges and universities participate in the funding system of the Christian Church (Disciples of Christ) for allocation of resources as do regions and general ministries and in accordance with existing and developing agreements.

This partnership between colleges and universities and the church in all its expressions is critical to the vitality, vision, and heritage of each. To nurture and sustain this partnership, clear and intentional communication is essential.

**The colleges and universities are most supportive of the covenant partnership when they**
- offer their resources to congregations, regions, and general ministries and explore joint endeavors;
- emphasize in communications their partnership with the Christian Church (Disciples of Christ);
- engage in ongoing dialogue on the meaning of their partnership with the church;
- actively recruit Disciples students;
- generously provide scholarship assistance to Disciples (and in most cases United Church of Christ) students;
- participate in congregational events, regional and general assemblies;
- collaborate with other Disciples colleges and universities;
- create a campus ethos that encourages students to discern their vocational goals;
- identify and nurture future educated leaders for church and society;
- pursue excellence in fulfilling their mission.

**The church is most supportive of the covenant partnership when it**
- recommends Disciples colleges and universities to prospective students and their families;
- expresses persistently and persuasively its commitment to our colleges and universities and vigorously supports our colleges and universities in their mission;
- advises potential benefactors of the vital role higher education plays in Disciples tradition;
- sponsors events jointly with nearby Disciples colleges and universities;
- educates colleges and universities about the value of their partnership with the church;
- encourages Disciples to apply for faculty, staff, and administrative positions within Disciples colleges and universities;
- recognizes that Disciples colleges and universities are part of our movement to bring about wholeness in a fragmented world.
Traditions
There are many traditions of Eureka College, old and new. It is important that all students experience the specialness of these traditions during their stay "neath the elms." For it is in the experience of these traditions that the spirit of Eureka College is discovered and passed to future generations.

Ivy Ceremonies are an important part of the Eureka College experience. At the Opening Convocation of each college year, the new freshman class is presented to the College. Each freshman places a sprig of ivy into a basket, symbolic of that which the individual student brings to the campus. The ivy, grown over the years into a continuous vine, will connect the lives of faculty and students. At graduation, the students are cut from the ivy chain, symbolic of the student's departure from this community to enter a new life. It is hoped that the student will plant the ivy (symbolic of the student's talents) to grow in a new place, beginning a new life, enriched by the Eureka College experience.

Homecoming is truly the experience of tradition. Homecoming features a weeklong competition between student groups as they utilize school spirit, talent and creativity in the pursuit of the Homecoming trophy, "Old Elm." The judging of the painted panels on Burgess Lawn begins the competition. Other exciting events include the torchlight parade, bonfire, chant/skit competition and the Homecoming Parade. Many of these events have been a part of the Homecoming tradition for many years. The expanded skit competition, for example, has been held for over fifty years. The week begins to come to a close on Friday with the recognition of the Homecoming King, Queen and Royal Court followed by an afternoon of fun and competitive games between students. All seniors are recognized on Friday evening during the "Homecoming Happening" and the campus unites behind the football team for the Homecoming Game. The campus community also looks forward to renewing old friendships and sharing a common bond as we welcome alumni to campus throughout the week and weekend.

The Christmas Season at Eureka College is a special time. Several annual events are planned to share the spirit and celebrate the season. The holiday season begins with the Christmas Tree Lighting Ceremony. Most of the members of the campus community meet at a large evergreen tree in the center of campus. Many organizations symbolically bring gifts to the tree and extend greetings to the community. The College President gives Christmas greetings and everyone joins in singing traditional carols. The evening concludes with a reception at the President's Home. The Chamber Singers host and perform during the Renaissance Dinner with all the traditional trimmings of the Christmas and Medieval Age. Members of the campus community share the holiday spirit with area children during the Angel Tree Party, which includes angel tree gifts, holiday food, games and a visit from ol' Saint Nick!

Founder's Day - On February 6th of each year, the College celebrates its founding in 1855. The Founder's Day Convocation is the focal point of this day. Faculty members, robed in their academic regalia, lead the campus in this celebration.

Graduation activities begin on Thursday evening with the annual Senior Party. The festivities continue on Friday evening with Baccalaureate followed by the Senior Dinner. The Senior Dinner recognizes the individuals of the class and allows students and faculty an opportunity to express appreciation to one another, citing a few special moments and incidents of the past years. Graduation is held on Saturday morning in Rinker Outdoor Theatre, weather permitting, followed by a reception in the Cerf College Center. During the ceremony, the Senior Class President formally passes the chain and shovel to the next year's Senior Class President and challenges the new officers to find the rum cake planted in the early morning hours by the outgoing officers. The chain features one link for each graduation class in College history. Each link is engraved with the year and number of graduates.

College Policy on Disclosure of Student Information
The Family Educational Rights and Privacy Act (FERPA), as defined in 1974 and subsequently amended, is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

Eureka College maintains an educational record for each student who is or has been enrolled at the College. In accordance with FERPA, all eligible students have the following rights under this act:

- The right to inspect and review the student’s educational records maintained by the school.
- The right to request that a school correct records which a student believes to be inaccurate or misleading.
- If the school decides not to amend the record, the student has a right to request a formal hearing to challenge the content of the educational record. After the hearing, if the school decides not to amend the record, the student has the right to place a statement with the record setting forth his or her view about the contested information.
- The right to prevent disclosure without consent of the student, with certain exceptions, of information from the student’s educational records.

The College must receive written permission from a student in order to release any information from a student’s educational record. FERPA does allow schools to disclose without the student’s consent the following information to the parties or under the conditions specified:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid for a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies.

In addition, the College may disclose, with a student’s consent, what FERPA defines as “directory” information (student’s name, address, telephone number, date and place of birth, honors and awards, dates of attendance). A student may request that any or all of this information not be released by completing the appropriate form in the Office of Student Programs and Services.

Location of Student Files

Academic Support
The academic program at Eureka College seeks to maintain a balance between requirements which all students must meet and freedom for each student to select those courses which will best match and further the student's own interests, skills and life plan. The structure of the curriculum has been designed to reflect this balance.

The College believes that there are certain basic skills and a common core of knowledge which anyone who would call him/herself truly educated must possess. Therefore, the College requires that each student acquire and display skills in composition, oral communication, and mathematics. The College also requires that each student devote a portion of his/her time to the study of those disciplines in humanities, fine and performing arts, natural sciences, and social sciences. These distributional requirements insure that each student will have the opportunity to explore that body of knowledge which is our common cultural heritage.

The College's academic program represents more than the accumulation of knowledge. Thus the College intends that students and faculty alike engage not only in the search for knowledge, but also in the search for the higher goal of how to use that knowledge for the benefit of mankind.

The College is committed to assisting each student in their academic and personal development. This includes a program of services designed to complement the educational process. Contained herein are support programs and policies governing those facilities and services. Students are expected to know and abide within these policies in order that the total academic community serves all faculty and students appropriately.
Policies for Melick Library

Melick Library provides print and electronic resources in support of the Eureka College curriculum. Use of the library is a privilege granted to students and members of the faculty alike. Full library privileges include: checking out circulating materials from the library as well as access to licensed resources, both on or off campus. The library maintains an online catalog of its local holdings as well as the holdings of over 70 academic libraries throughout the state of Illinois through the I-Share system (“Universal Borrowing”). This allows students and faculty to borrow additional materials from any I-Share library system at any time. Additional Inter-Library capability extends access to library holdings world-wide.

The library provides Information Literacy Instruction under the guidance of its Public Services Librarian and through the use of its Computer Study Center, which is also the most popular open lab on campus. The library also provides multimedia services and classroom space.

Beginning in Fall of 2011, Melick Library will be home to the Mark R. Shenkman Reagan Research Center and College Archives.

Students and faculty alike are responsible for knowing and following all policies for library use. These policies may be found at the Melick Library homepage.

For more information on Melick Library, including library hours and resources available, please visit the homepage of Melick Library at the EC internet site (click here).

Policies for Information Technology

Eureka College Network (ECNet)
Acceptable Use Agreement

Introduction
The following document contains general guidelines applicable to all ECNet services. Copies of this agreement shall be made available in the Student Handbook, on campus web servers, and in hard copy on administrative reserve in the library. Acceptance of an ECNet login account constitutes acceptance of this agreement.

This policy and the published e-mail policy establish the appropriate uses of ECNet and its resources. This and other IT policies are included in appropriate handbooks and on the College’s web site or the intranet. Users are also informed of these policies when the network and e-mail accounts are assigned. The ultimate responsibility for any policy violation lies with the individual user who originates such a violation.

Mission Statement
The purpose of the ECNet is to facilitate the exchange of information that furthers the instructional, scholastic, and service goals and mission of Eureka College. In support of this purpose, Eureka College requires its faculty, students, and staff to practice ethical, responsible, and legal behavior in their use of the network.

Assignment of Accounts
All new students will be assigned ECNet login and e-mail accounts once their enrollment is verified by the Records Office. Faculty and Staff will be assigned ECNet accounts when the appropriate administrative unit makes a request. In addition, users will be assigned login accounts to access the SONISWEB administrative system as appropriate.

All login accounts issued to an individual is intended for the sole use of that individual and is non-transferrable. The owner of the account is responsible for all network activity on that account. It is not acceptable for a user to share any login account, to give out its password, or to use accounts of other users. The user must log out of the account at the end of every session to protect the user’s own account.

It is the user’s personal responsibility to both recognize and honor the intellectual property rights of others, making attribution as appropriate. Use of the ECNet for any activities that violate copyrights, software license agreements, or other applicable contracts constitutes a violation of this agreement.

The user is expected to know and act in compliance with all policies governing the use of ECNet services. Failure to read and understand this policy is not an acceptable excuse for non-compliance with its provisions.

Privacy
Information and resources accessible via ECNet are considered private to the individuals and organizations that own or hold rights to them unless otherwise stated. It is, therefore, unacceptable to use ECNet for unauthorized access to other networks or utilization of any such information and resources at other sites.

Security
Network users are responsible for understanding and respecting the security policies of the ECNet and all connected networks, and they are responsible for applying available security measures for protecting these systems (e.g., users should select passwords that cannot be easily guessed). Users are expected to take all reasonable steps to insure the integrity, authenticity, and security of the information that they compile or use. Acts that disrupt the operation of the ECNet or any connected network are prohibited. Such acts include the propagation of computer malware such as viruses and spyware, and the transmission of information that
degrades the performance, functionality, or reliability of any system. In order to maintain system operations, it may be necessary for the System Administrator to monitor account and system activities, and to maintain activity log files. The network hardware, software, and any other user-assigned devices and IT resources are College's property and users must treat them as such.

**Unacceptable Use**

Users are expected to respect the values, individuality, productivity, and use rights of other network users. Activities that interfere with this standard constitute a violation of this agreement and include vandalizing the data of another user, impersonating another user, posting personal communications without consent of the author, distributing unsolicited advertising or recruiting materials for non-educational purposes, sending chain mail or excessive messages not desired by the recipient, attempting unauthorized access to other accounts, and using the network in wasteful, threatening, harassing, obscene, or prejudicial ways.

**Web Pages**

The Eureka College web site may contain both official pages and personal pages. The owner of a personal web page assumes full responsibility for the contents of his or her own page. Any pages in violation of established policies will be removed from the Eureka College web site.

**Copyright and Legal Issues**

Web page developers, both official and personal, are responsible for knowing and understanding all copyright and trademark rules. Items such as graphics, video, and documents may not be placed on a page without proper permission of the owner of those items.

The use of ECNet to transmit information whose content, meaning, reception, or distribution violates applicable local, state, and federal laws (including export laws) is strictly prohibited

**Network Use and Resource Management**

Some network services such as streaming video, peer-peer networking, and distribution of very large data files can cause network disruptions due to excessive use of network bandwidth. Eureka College reserves the right to use necessary firewalls, to restrict non-essential applications such as online game playing, peer-peer networking, music sharing, and to manage the Internet bandwidth in support of essential services related to its mission. The use of any networking device that could interfere with the campus network is also a serious policy violation.

**Printer Usage**

Students may use printers available in computer labs for their printing needs. At the beginning of the semester, each student is assigned a printing quota as a monetary value. The fall and spring quota is equivalent to 300 single black and white pages at the current single page cost for students. The summer quota is equal to 150 pages. Double-sided printing is considered as two pages. Color printing is ten times more expensive than black and white printing. Printing in excess of these quotas will result in an extra cost for students, and this charge will be added to the student’s bill. Students have options to monitor their printing costs. For faculty and staff, the actual printing costs are charged as a departmental expense at the end of each month.

**Penalties for Policy Violations**

Investigations of policy violations will be handled through the following channels:

- Faculty - Chief Academic Officer
- Staff - Chief Financial Officer
- Students - Judicial Committee
If a violation is viewed as excessive (e.g. e-mail or network disruptions), illegal (e.g. threats, harassment, spreading malware), or any other network activity that is disruptive to campus or campus network, it may be necessary for the system administrator to suspend the user’s connection and/or the account, and inform the Chief Academic Officer, Chief Financial Officer, or Chair of the Judicial Committee with supporting evidence of the connection or account suspension within 24 hours, after the said violation is under control.

**When You Leave Eureka College**

Network accounts for students will generally be deleted thirty (30) days after graduation or termination of the academic program at Eureka. For faculty and staff, ECNet accounts will generally be deleted seven (7) days after termination of the appointment at Eureka College.

Your e-mail account is subject to the following conditions:

- For withdrawn students, the e-mail account will be deleted 30 days after termination of the academic program.
- For Eureka College graduates, your e-mail account will remain active after graduation.
- For faculty/staff, your e-mail account will remain active after retirement. Otherwise, your e-mail account will generally be deleted seven (7) days after termination of the appointment at Eureka College.

Any inactive e-mail accounts for more than three (3) months are subject to deletion from the e-mail system.

The Records Office is responsible for notifying IT Services with confirmation of withdrawals and awarded degrees; the Offices of the Provost and the Human Resources are responsible for notifications of faculty and staff resignations.

**Eureka College Network (ECNet)**

**Email Policy**

**Introduction**

Your email account is generally assigned to you with your ECNet login account and is therefore subject to the same privileges, restrictions, and penalties outlined in the Acceptable Use Agreement as well. Failure to read and understand the Acceptable Use Agreement is no excuse for misuse!

This email policy has been developed in response to the acknowledged need for guidelines describing acceptable use of Eureka College’s email services. The main purpose for email use is in connection with the teaching, learning, research and appropriate business activities of Eureka College. In addition, adherence to guidelines is intended to prevent tarnishing the public image of Eureka College. The general public and Eureka College community tend to view any email messages with eureka.edu domain as an official statement from the College.

**System Information**

Eureka College uses Google Apps for Education as our campus e-mail system, and also reserves the right to enable only selected additional services, as appropriate, to support its mission. All e-mail accounts are subject to policies applicable to Google Apps for Education. Users are expected to manage their e-mail quota and use other selected applications in a responsible manner to support the mission of the College. The Google Groups and other applications under the eureka.edu domain in Google Apps for Education should only be used for academic and business related activities associated with Eureka College. Users are expected to use a personal Google account or any other e-mail account for their personal activities.
Campus-wide Distribution Lists

There are system-wide e-mail distribution lists (Google Groups for Education) available for intra-campus communications. Use of these lists is limited to communication necessary to support normal administrative operations of the College. System wide e-mail distribution lists should only be used for critical and timely information concerning Eureka College. Information for awareness, such as campus event information, should be communicated via the intranet. Organizations, committees and other working groups can create private mailing lists which include their group members.

- Student Requests-- general mailing of campus-wide interest shall be mailed to the special e-mail account sturequest@eureka.edu. When approved by the Associate Provost for Student Affairs and Dean of Students, based on policy guidelines, these e-mails are sent to appropriate distribution lists.
- Faculty and staff authorized by the Provost or the CFO shall have access to the system-wide e-mail lists based on their specific roles and job related duties. They should use these system-wide e-mail lists only for their specific work-related communications. Personal or other types of mass e-mails should not be distributed via system-wide e-mail lists.
- Faculty and staff members may request approval for any communication of campus-wide interest as follows:
  - On academic matters: send your request to provost@eureka.edu
  - On business matters: send your request to cfo@eureka.edu
  - On all other matters: send your request to the provost@eureka.edu

  If approved by the appropriate VP, the requested communication will be distributed as appropriate.

E-mail communications not suitable via system-wide e-mail lists include, but are not limited to, messages intended for a small fraction of the e-mail list, chain e-mail (any e-mail asking others to forward or re-send the received e-mail), buying/selling personal items, trips/events not sponsored by Eureka College or its administrative/academic units, commercial advertisements of any type, and any communications not related to duties associated with the faculty/staff/student member’s position at Eureka College. Mass e-mail distributions or e-mail schemes that can disrupt other network services or e-mail servers are prohibited. Private e-mail lists should not be used to cause excessive network traffic or other e-mail disruptions. All community members/organizations are encouraged to compile and use private mailing lists as appropriate. Users shall have access to all campus e-mail addresses.

Netiquette

Common courtesy should be extended to all e-mail communications. Fraudulent, harassing, threatening, and obscene messages are not acceptable on the EC network. Communications associated with personal financial gains shall not be permitted.

If a user sends e-mails to a group of e-mail recipients at regular intervals (ex. daily or weekly), recipients should have a way to subscribe/unsubscribe to these frequent e-mail communications. The sender is responsible for managing this task. The Faculty, Staff, and Students e-mail lists (Google Groups) under the eureka.edu domain should not be used for this type of regular e-mail communications.

For more information on IT policies and other ECNet services, see “Information Technology” section on the intranet server (EC Connect) or appropriate sections of other Eureka web servers and Handbooks. Users may also contact the IT Director for any assistance with IT Policy-related matters.

[Updated June 2011]
Policy on Requests for Alternative Methods of Meeting Requirements Due to Disabilities

The College seeks to have all students accomplish to their potential. It is recognized that some students may have their efforts undermined by physical and/or learning disabilities, leading to poor performance and underachievement. The resulting frustration and poor self-esteem could further exacerbate poor performance with school work. We share the students’ concerns on these matters.

Application for alternative methods of meeting requirements may be made in writing to the Provost who will then consult with the chair of the Division and the members of the faculty affected, and the student's advisor. In order to allow the Provost and those consulted adequate time to evaluate the student's request, such applications must be made well in advance of when the student is to begin the course or attempt the requirement for which an alternative method is requested and at least six months before the student's intended date of graduation. Exceptions to these notification requirements may occur in unusual circumstances such as the sudden onset of a disability.

The disability must be described and documented by the written opinion of a professional qualified to make such a determination, and the student must agree to a medical or other appropriate examination by a professional selected by the College if such is requested by College officials. In case of discrepancies between the opinions of experts, the College reserves the right to rely on the opinion of the expert chosen by the College. The written opinion should state whether the condition can be remedied. It is the responsibility of the student to provide all supporting documentation which would allow Eureka College to make an informed and responsible decision about the application for alternative means.

If the disability is described and verified by expert opinion, the Provost and others consulted will determine whether assistance or modifications in examinations or requirements can be made to enable a student to overcome impaired sensory, manual or speaking skills and still demonstrate the knowledge and abilities which Eureka College deems essential for awarding the degree in question, or, if applicable, the requirements to successfully pass a required course. The Provost will then oversee any arrangements made for alternative methods of meeting requirements.

Any accommodation cannot work to the disadvantage of any other student or unduly burden staff or faculty. Other than as required by law, expenses in accommodation such as, but not limited to, special aids, tutors, equipment or modifications to the physical structure must be paid for by or on behalf of the individual and will not necessarily be borne by the College.

The alternative methods of meeting requirements can only affect courses enrolled in subsequent to the date the alternative is approved. The Academic Students & Policies Committee will hear any appeals from decisions of the Provost. Decisions of the Committee will be final.

Policy on Involuntary Withdrawal due to Medical, Psychological, or Social Situations/Conditions

Policy
A student may be subject to involuntary administrative Withdrawal from Eureka College (or residential housing) by the Associate Provost for Student Affairs and Dean of Students when s/he determines that the person is a danger to self, to others, or to the property interest of Eureka College.

Procedures of Implementation
The Associate Provost for Student Affairs and Dean of Students may initiate a temporary and/or permanent withdrawal of a student from the College or from College housing pending formal review. In cases involving the implementation of this policy, the College may require medical or psychological evaluation of the student made by a physician or mental health professional of the College's choosing. The evaluation must be paid for by the student and must be completed within 24 hours of written notice. Failure of the student to cooperate in this evaluation will result in an automatic involuntary withdrawal.

In all cases, the Associate Provost for Student Affairs and Dean of Students or the Provost shall conduct a full review of all available evidence and information to determine if the student's continued presence within the campus community poses a risk to the student, to other students, or to the property interest of the College. The Associate Provost for Student Affairs and Dean of Students may then enforce involuntary Administrative Withdrawal, may allow a student to return with specific conditions, or may allow a student's unconditional return.

The Associate Provost for Student Affairs and Dean of Students shall then notify the student in writing of the College's final position on the matter. If a student is involuntarily withdrawn, the College shall record the Withdrawal academically as it would any Withdrawal without failure. Reimbursement of fees and charges shall be made as any departure at this date would be. The student's Faculty Advisor shall be notified of the intent to enforce Involuntary Withdrawal by the Associate Provost for Student Affairs and Dean of Students or the Provost, if possible, prior to Withdrawal. In all cases, the Associate Provost for Student Affairs and Dean of Students shall attempt to inform the Faculty Advisor of all decisions and information involved in the case.

The Provost may also withdraw a student from specific course work when in his/her judgment, medical conditions warrant such action.

If the student feels that the matter is more rightfully a student disciplinary matter, the Dean of Student's decision to hear the matter under this policy may be appealed to the Provost by submitting a written request for appropriate review within 48 hours of the notice of the Dean of Student's decision to enforce Involuntary Withdrawal. The Provost shall review the evidence to determine if there is sufficient cause to hear the matter. In all cases, the decision of the Provost shall be considered final.

Readmission Criteria and Procedures
A student, who has been Involuntarily Withdrawn, must complete the following readmission procedures before the student is allowed to return to Eureka College.

The student must send a letter to the Associate Provost for Student Affairs and Dean of Students, requesting readmission. The student must send with the letter a report from the student’s physician and/or mental health provider including a discussion of the current health status, course of treatment undergone during the lee, as well as any specific recommendations for the student and College with respect to the student’s successful return to Eureka College.
The student’s physician and/or mental health provider must be a licensed physician if the evaluation is regarding medical concerns and must be a licensed mental health provider of evaluating mental health concerns. The student is responsible for any and all costs associated with the physician or mental health provider’s evaluation.

The Associate Provost for Student Affairs and Dean of Students, Dean of Admissions, and Provost will review the information provided by the student and evaluate the appropriateness of the student’s return. They may request further information from the student or health care providers. In order to ask for such information, the student will be asked to sign and return a release form so that those individuals at the College who are involved in evaluating the student’s return can have access to the student’s outside health care providers and have the ability to openly discuss relevant aspects of the student’s condition.

Once the decision has been reached, the student will be notified by the Dean of Admissions. The decision is final.

If the student is permitted to return to Eureka College, the student is required to meet with the Associate Provost for Student Affairs and Dean of Students to discuss terms of the student’s readmission including, if appropriate, a discussion of a continuing treatment plan for the student. If the student does not follow the plan established, the College has the right to revoke its decision to readmit the student effectively immediately.

Revised by the Associate Provost for Student Affairs and Dean of Students, 2/ 2012; Approved by the Student Affairs Committee, 3/ 2012; Faculty, 5/2012.
Appeals Procedures

Grade Appeals
Students who voice complaints to the Provost of the College are generally instructed to take up any problems with the individual instructor first and then with the division chair. If a situation is not handled to the satisfaction of the student by the instructor or chair, the student can then direct his/her concern to the Provost in writing and a conference will then be scheduled. Should a hearing be requested by the Provost, the College’s Academic Standards and Policies Committee will be the hearing body.

Procedures in Student Academic Appeals
Students who voice complaints regarding a course grade to the Provost of the College are generally instructed to take up any problems with the individual instructor first and then with the division chair. If an equitable resolution to the complaint cannot be reached with the instructor and chair, the student can then direct his/her concern to the Provost of the College in writing and a conference will then be scheduled. At the request of the Provost, a formal hearing before the Academic Standards and Policies Committee will be held.

A student who has a grievance related to academic problems shall have the right of appeal.

A student who wishes to appeal shall confer with the Provost of the College.

An aggrieved student shall file an appeal with the Provost of the College within thirty days after receiving notification of the decision from which appeal is taken. The ombudsman is available to assist the student in the appeals process.

The appeal shall be in writing and shall include a summary of the factors for which the student asks reconsideration in the appeal process.

In the event of a prolonged absence of the Academic Provost, the student may exercise these privileges in consultation with the President or other executive officers of the College who can properly act to refer the appeal.

The Provost will confer with the student directly and may ask the appropriate division chair to investigate the matter being appealed further. The Provost may request the instructor to provide additional information for use in considering the appeal.

After all inquiries have been completed, the Provost will rule on the appeal. If in the Provost’s opinion, the student establishes a reasonable probability that the grading was not in accord with stated policy or other special circumstances (such as an appeal in a case where the Provost is the instructor) warrants a hearing, the appeal shall be referred to the Academic Standards and Policy Committee for a full hearing. The decision of the Provost is final, unless the Provost determines that referral to a full hearing is warranted.

Appeals referred to the Academic Standards and Policy Committee will be heard at the next available meeting of the Committee. Appeals filed in the summer may need to be heard in the first semester of the following academic year. The time and place for the hearing shall be set and advanced notice given to the student.

Any member of the Academic Standards and Policies Committee who has served as advisor to the student or has served as a member of a committee having acted on the decision being appealed shall not participate in deliberative portions of the hearing procedure or vote in the decision by the Academic Standards and Policies Committee.

The student shall have an opportunity to present a defense at such hearing and may be represented by counsel.
A fair procedure for the hearing shall be established by the Committee, but it shall not be a full adversary proceeding. There shall be no right to cross-examination. However, the student may request the chair to direct questions to a witness. An orderly procedure shall be maintained by the chair of the committee, who has full authority over the proceedings.

It shall not be required that a complete stenographic report of the proceedings be made or preserved, but a written report in summary of the evidence presented shall be prepared by the Academic Standards and Policies Committee and such summary together with a written statement of the findings and decision of the committee shall be presented to the student.

The committee may, if it wishes, continue its deliberations without the presence of the parties to the dispute after all appropriate information and clarification have been received.

The decisions of the Academic Standards & Policies Committee shall be final.
Statement of origin: This is an academic document.
Academic Suspensions and Dismissals

Students who are placed on Academic Suspension or Dismissal by the Academic Status Committee have the right to appeal the action. The process shall be as follows:

- The Registrar will review student status as soon as grades are available at the end of each semester and the Summer term. The Registrar will make decisions on academic status in accordance with the guidelines published in the Eureka College Catalog. All students suspended or dismissed will be notified of the action as soon as possible.
- Students suspended or dismissed shall be provided an explanation of their right of appeal when notified of the action.
- An appeal must be made to the Academic Standards and Policies Committee in writing within the time limits stipulated.
- The written appeal shall include the reasons for its consideration including a description of extenuating circumstances and a review of reasons to believe that the student will succeed if continued enrollment is to be allowed.
- The appeal shall be heard and decided by the Academic Standards and Policies Committee which may grant continued enrollment if it deems that there is a reasonable chance that the student will succeed and that extenuating circumstances warrant.
- All decisions on appeals by the Academic Standards and Policies Committee are final. Residential student whose appeals are denied must move out of the residence halls within 24 hours unless approval is granted by the Associate Provost for Student Affairs and Dean of Students.

Revised by Academic Status Committee (1997-1998) and approved by the Provost.

FINANCIAL NEED

The Financial Aid Office compares the EFC to our costs. If the costs exceed the amount of the EFC, the student is eligible for need-based financial aid. Any student wishing to withdraw from Eureka has the responsibility of initiating the withdrawal process, starting in the Registrar’s Office located in Burrus Dickinson Hall. Students will be given an official exit form to be signed by campus officials and returned to the Registrar’s Office.

The Office of Financial Aid will follow the federal Title IV Refund Calculation/Policy in determining the amount of earned and unearned institutional, federal, and state assistance. Tuition, room, board and student fees will be charged pro-rata based on the percentage of the enrollment period completed up to the 60 percentage point in time of the term (step 1 of federal calculation). Students who do not vacate their room/apartment on the date of their withdrawal may incur additional housing charges.

Indicate on the FAFSA that you would like Eureka College to receive your FAFSA information by entering the code 001678. Our office will receive this information electronically. Students are encouraged to file their FAFSA as soon as possible after January 1st. Federal income taxes need not be complete to file—simply complete with the status of “will file” and use the previous year’s taxes as an estimate. When federal taxes are completed, change your filing status to complete and update the financial information, preferably using the IRS Data Retrieval Tool.

By filing the FAFSA, students are applying for the following state and federal programs:

• Federal Pell Grant (PELL)
• Federal Supplemental Educational Opportunity Grants (SEOG)
• Federal Perkins Loan Program
• Federal Work Study
• Federal Direct Subsidized & Unsubsidized Student Loan
• State of Illinois Monetary Award Program (IMAP)

To receive more information about these programs, see www.studentaid.ed.gov.

In addition to completing the FAFSA form, the student will need to return a signed copy of their financial aid award letter to accept aid as offered.

RETURNING STUDENTS

To apply for financial aid, complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov. Returning students will receive their financial aid packages after their FAFSA information has been finalized.

VERIFICATION

Federal regulations require that selected FAFSA applications complete a verification process, which is similar to being selected for a random audit. Students may be chosen for verification by the U.S. Department of Education or by Eureka College. If your application is selected for verification, you will be notified by the Eureka College Financial Aid Office and you will also receive a preliminary financial aid award letter. You are required to submit supporting documentation as requested as soon as possible, but no later than June 1. Please see the checklist that accompanies your award letter for more information about what is needed. After verification is complete, any changes to financial aid that result from the process will be reflected in a revised award letter.

If the financial aid office has not received forms from a student, that student will be sent a checklist that will state exactly what has not been received. The deadline for incoming and returning students to submit required documentation is July 15th for first semester. December 15th is the deadline for incoming second semester students.

III. FEDERAL AND STATE FINANCIAL ASSISTANCE

FEDERAL PELL GRANT

The Pell grant is gift assistance that does not have to be repaid. Pell grants are awarded to students who have a financial need as determined by the U.S. Department of Education standards. Annually, the U.S. Department of Education determines student eligibility for this grant. For the 2014-2015 award year, the minimum grant for a full-time student is $587 and the maximum grant is $5,730.
A student is eligible to receive a Pell grant for up to 12 semesters or the equivalent. If a student has exceeded the 12-semester maximum, he or she will lose eligibility for additional Pell grants. Equivalency is calculated by adding together the percentage of Pell eligibility that he or she received each year to determine whether the total amount exceeds 600%.

**FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG)**
The Federal Supplemental Education Opportunity Grant is gift assistance that does not have to be repaid. The Supplemental Education Opportunity Grant is awarded to students who have the most financial need as determined by the U.S. Department of Education standards. For the 2014-2015 award year, the minimum grant for a full-time student is $100 and the maximum grant is $4,000.

The Federal Supplemental Education Opportunity program is administered directly by the Financial Aid Office and is therefore called “campus-based” aid.

**STATE OF ILLINOIS MAP (Monetary Award Program) GRANT**
The Illinois MAP Grant is a major source of funding for undergraduate students who meet Illinois residency requirements. Students are encouraged to file their FAFSA as soon as possible after January 1 for consideration as funding is limited. Federal income taxes need not be complete to file – simply complete with the status of “will file” and use the previous year’s taxes as an estimate. When federal taxes are completed, change your filing status to complete and update the financial information, preferably using the IRS Data Retrieval Tool.

A MAP Grant award is based on 15 semester hours of attendance. If your course load is between 3 and 14 hours per semester, your MAP Grant will be prorated based on your enrolled hours. Your MAP award may be adjusted if you receive any other type of assistance which pays for tuition and/or fees, OR if you receive gift aid (scholarships and grants) in excess of your cost of attendance.

Eligibility for MAP is tracked by the equivalent number of semester credit hours of MAP benefits paid on your behalf, with a minimum of 3 and a maximum of 15 MAP Paid Credit Hours being used per semester. MAP Paid Credit Hours will still be used even if a student withdraws or does not pass coursework. Once a student reaches 135 MAP Credit Hours Paid, he/she will no longer be eligible to receive the MAP grant.

**TEACH GRANT**
The Federal Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides up to $4,000 per year in grant funding for Eureka College students committed to teaching full-time in high-need subject areas* for at least four years at schools serving students from low-income families as defined by the federal government.

TEACH Grant recipients who do not complete the teaching requirement within a specified time or fail to meet other program requirements must repay the grant as a Federal Direct Unsubsidized Loan with interest charged from the date of each TEACH Grant disbursement.

*The following EC majors qualify as 'High Need Fields' for the Federal Teach Grant:
- Undergraduate: Special Education, Science, Math, Foreign Language
- Additional requirements include:
  - Full acceptance to the Teacher Education Program (TEP)
  - 3.25 cumulative GPA
  - Current year FAFSA filed

If you believe TEACH is right for you, verify with the education department that you qualify and then complete the TEACH Grant Initial Counseling and Agreement To Serve (ATS) to apply. If you are eligible, you will receive official notification from the Financial Aid Office by email. Read the Department of Education website or contact the Financial Aid Office if you have any questions.

**IV. SCHOLARSHIPS, GRANTS AND FELLOWSHIPS**

*Academic Merit and Competitive Scholarships*
Eureka College offers academic merit and competitive scholarships to recognize the talents and achievements of students applying for admission. Because these scholarships are awarded on merit, students do not have to demonstrate financial need to qualify. For incoming freshmen students, academic merit scholarships are awarded on the basis of high school GPA and ACT composite scores.

Competitive scholarships are also available, which may require a separate application and an on-campus interview or audition. Our competitive scholarship programs include the Ronald W. Reagan Leadership Program, the Disciples Leadership Program and the Durward Sandifer Mentorship Program. It is required that a FAFSA be completed to receive these scholarships.

Engagement Awards
Leadership, service, and faith-based involvement are critical components of Eureka College’s mission statement. Students can receive scholarships for demonstrated involvement in these areas as well as in the fine arts (art, band, music, piano and theatre). Awards must be obtained before the first semester of enrollment at Eureka College. A student can obtain a maximum of two $500 annual Engagement Awards, subject to financial aid limits. Interest in these awards is made at the time of application. Some awards may require additional documentation of participation and/or an audition.

Renewal Criteria for Engagement Awards
The leadership, service and faith-based engagement awards are automatically renewable. Recipients of the fine arts awards will be monitored for participation by supervising faculty with the awards being subject to probation/suspension. If an engagement award is not renewed, it cannot be replaced or reacquired.

Eureka College reserves the right to make any adjustments deemed necessary to the selection criteria, eligibility requirements, or award amounts of these scholarships. Questions regarding any of the scholarships or grants should be directed to the Office of Admissions.

See the Eureka College Financial Aid Scholarship Calculator to estimate the aid for which you qualify at www.eureka.edu/admissions/scholarships/.

V. EDUCATIONAL LOANS

FEDERAL DIRECT STUDENT LOANS

Federal student loans are required by law to provide a range of flexible repayment options, including, but not limited to, income-based repayment, income-contingent repayment plans, and loan forgiveness benefits, which other student loans are not required to provide. Federal Direct Stafford loans are available to students regardless of income. Before taking out loans, students should visit the Department of Education’s Federal Student Aid website at http://studentaid.ed.gov/types/loans to learn more.

Acceptance of Loan
Prior to accepting any loan to cover school related expenses, you should consider the cost of the loan over its lifetime versus the advantages of borrowing to finance your education. While the financial aid award letter will list a student’s maximum annual eligibility, students are encouraged to borrow wisely. Borrowing the unsubsidized portion of the federal direct loan can significantly increase a student’s loan debt because interest will be charged from the time the loan proceeds are disbursed. A student can contact the Financial Aid Office to reduce or decline the loans offered in the financial aid award letter or indicate their wishes on the award letter as discussed earlier.

Loan Entrance Counseling
Regulations require that you receive loan counseling prior to your first disbursement of direct loan funds from Eureka College, even though you may have borrowed and received entrance counseling at a prior institution. This counseling is intended to provide you with important information about your rights and responsibilities as a borrower. Loan funds will not be released until this requirement has been met. Students can complete entrance counseling at any time on the Department of Education website, www.studentloans.gov.

Master Promissory Note (MPN)
All first time borrowers must complete a Master Promissory Note (MPN). An MPN is a legal document signed by the student, as the borrower, prior to disbursement of a loan that binds the student to the terms and conditions of the loan agreement. We will receive an electronic record of your MPN automatically. An MPN can cover multiple direct loans over a maximum 10-year period which allows
students to obtain additional loans without having to sign a new MPN for each academic year. **Loan funds will not be disbursed until this requirement has been met.** Students can complete their MPN at any time on the Department of Education website www.studentloans.gov.

**Disbursement**

Loan funds are paid through the school usually in two equal disbursements, once at the beginning of the fall semester and once at the beginning of the spring semester. A loan origination fee is subtracted from each disbursement before being posted to the student’s account.

A disclosure statement will be sent from the Direct Loan Origination Center to the student for each federal direct student loan originated on the student’s behalf by the Financial Aid Office. The disclosure statement provides information about the type of federal direct student loan, the loan amount, and the disbursement dates. Once the loan has been disbursed, the student will be contacted by the servicer. The loan servicer manages the repayment of the federal direct student loan on behalf of the federal government. You can find the name and contact information for your loan servicer(s), as well as loan types and balances at www.nslds.ed.gov. You may have more than one loan servicer if you have more than one federal direct student loan. It is important that you familiarize yourself with the name of the company (ies) servicing your federal loans so you can read and respond if necessary to any correspondence.

**Financial Aid Disbursement Notice**

A student will be notified by the Eureka College Business Office via the student’s Eureka College email address each semester when a disbursement has been applied to the student’s account. This email has two purposes:

1. To inform the student that federal loan money was received and that the student has a right to cancel all or part of any loan disbursements within 14 days from the date of the notice.

2. If the student’s account has a credit balance, the student and/or parent must decide how that credit will be handled.

**Exit Counseling**

Upon graduating, withdrawal, or enrollment of less than half-time, a federal direct student loan borrower must complete exit counseling. A student will receive information about the rights and responsibilities as a borrower, including payment and deferment options and the contact information for the servicer(s) of the loan(s). An exit interview can be completed electronically on the Department of Education website at: www.studentloans.gov or in person at the Financial Aid Office.

**Repayment**

Once a student is no longer enrolled at least half-time, repayment begins after a 6-month grace period. During the grace period, the student will receive repayment information from the loan servicer(s), including the first payment due date.

The federal direct student loan program offers several repayment plans that are designed to meet the different needs of individual borrowers. Generally, students have 10 to 25 years to repay their loan, depending on the repayment plan that they choose. Detailed information on repayment options is provided during the mandatory entrance and exit counseling sessions and on the Department of Education website: www.studentloans.gov.

The timely repayment of student loans is an important part of your student responsibilities. If you decide to borrow, you should only borrow what you need. The Financial Aid Office at Eureka College provides you with comprehensive information about your loans during your enrollment at Eureka in order for you to make the most informed decisions regarding borrowing. Before borrowing you should estimate the amount of debt you may be able to afford and use available online loan calculators to determine monthly repayments. For quick access, sample loan repayment schedules are also available.

**Borrowing is a responsibility – take it seriously!**

**FEDERAL DIRECT PARENT LOAN FOR UNDERGRADUATE STUDENTS (PLUS)**

Parents of dependent students may apply for a Federal Direct PLUS Loan to help pay their child’s education expenses, as long as certain eligibility requirements are met. PLUS loans will be issued in the parent’s name, and the parent will be responsible for repayment. Apply at www.studentloans.gov.

Curricular and Co-Curricular Activities
Eureka College recognizes that a well-rounded college education is made up of challenging experiences both in and out of the classroom. Co-curricular and extra-curricular opportunities will likely be an important part of your college life. As a basic rule, you must realize that the time for anything that is not directly related to a credit course must come from your leisure time and not as a reduction in the time and effort you spend on academic work. When conflicts arise, you have some responsibilities in making sure that the conflicts are resolved to the satisfaction of everyone concerned. Your responsibilities, as a student, are as follows: You must inform your professors, at the earliest time possible, that you have a conflict between a sanctioned activity and the professor's class. This is the best time to work out the arrangements for the conflict. It is also a good idea to again remind the professor immediately prior to the event.

- Where possible, you should complete any work for the class in advance of the date when the conflict occurs. This allows the professor the best opportunity to make sure you miss as little as possible because of the conflict.
- You must realize that attendance at a sanctioned event is still a class missed and does not give you an addition "cut" if the professor has allowed a certain number of absences from the course.
- You should investigate attendance in another section of the same course if that is a feasible way to make up the absence. Also, try to be aware of event and activity schedules when you choose courses and sections so that conflicts can be avoided by good planning.

Other parties also have responsibilities when a conflict occurs between a sanctioned activity and a class. Professors have a responsibility to give serious consideration to accommodating approved program absences and to try to avoid scheduled events when planning quizzes or tests. They should also try to avoid sanctioned events when planning out-of-class exercises or trips. Professors should also avoid putting you in the middle of a conflict with a sponsor of a sanctioned event or activity.

Sponsors of events and activities have a responsibility to schedule as early as possible and to publicize their schedule of events to everyone affected.

The bottom line is that it is your responsibility, as a student, to make sure that extra-curricular and co-curricular activities do not interfere with the academic portion of your college education.

Statement of origin: Approved by the Eureka College Faculty, 5/2000.

Policies for Student Organizations and Activities

Eureka College is aware of the positive role of student organizations and intends to maintain a relationship and campus climate that is conducive to the best interest of each organization as it fits the purposes of the College.

The Office of Student Programs and Services functions as a major program agent for the entire campus community. In this capacity, it coordinates and supervises all student activities, including the registration and recognition of student organizations and the scheduling of student-sponsored events. Many of these responsibilities are coordinated by the Coordinator of Student Engagement.

Definition of Student Organizations

Membership is composed of matriculated college students, faculty, staff, and other appropriate persons, (e.g. alumni) as defined by the constitution of the organization and approved by the College. Officers of all student groups must be Eureka College students. The entire responsibility for the conduct of various sponsored activities as well as the daily affairs of the group rests with the student membership, its officers, and its campus advisor(s). No organization exists unless an advisor has been selected by the student leadership of the organization and in consultation with the Coordinator of Student Engagement and faculty/staff advisor.

Programs (Leadership Ambassadors, SPRUCE, Admissions Ambassadors, Pegasus, Impressions, and The Prism) are for recreational and co-curricular programming purposes and are expected to complete the registration process for facilities before facilities other than their own specific living unit can be used.

Conditions of Memberships

The advisors and officers are responsible for seeing that the condition of membership as outlined by the College is met. Students, who as individuals or as members of organizations represent the College or its student organization, must also meet the requirements for eligibility for enrollment in co-curricular activities.

Eligibility for Co-Curricular & Extra-Curricular Participation

A student should be aware of his/her status with the college at all times and shall inform the concerned organization of his/her status when seeking or continuing in leadership positions. In order to participate an individual should:

- apply or receive consideration for an appointive or elective office
- campaign for an elective office
- hold an elective or appointive office
- receive special honors, and receive an appointment to serve on an all-campus committee or PAN-Organization, or to serve in leadership roles in any College or student publication program, athletics, or para-professional staff in the Office of Student Programs and Services.

In addition, all students must:

- maintain a cumulative grade point average of 2.0 or better
- be enrolled in and maintain a minimum of nine semester hours of college credit or
- be full-time per semester, and
- must not be on academic or disciplinary probation.

Organizations or groups may make, with the consultation of the Office of Student Programs and Services, such additional eligibility requirements as they deem necessary. These additional requirements cannot be discriminatory or in conflict with College policies. Each student organization, with the assistance of the advisor, is responsible for compliance.

Waiving Requirements: Any student who does not meet these requirements and is still interested in an active appointive or elected position can request a review of his/her specific case by the Associate Provost for Student
Affairs and Dean of Students. The Coordinator of Student Engagement reserves the right to discuss this request with the student's academic advisor.

Any individual having a complaint, grievance, or question concerning selection, conditions of, membership, or treatment by an organization or group shall address the matter in writing to the Coordinator of Student Engagement. If, in the opinion of the Coordinator of Student Engagement, the grievance concerning the organization's or group's practices has merit, the matter will be referred to the Student Life Committee for review. A recommendation for appropriate action will then be forwarded to the organization in question with specific directions for correction. Failure to do so may also result in organizational approval review.

A major concern of Eureka College for its students is their academic achievement. One mark of academic achievement is orderly progress toward a degree. Each student is, therefore, advised to balance a desire to progress in a systematic fashion toward a degree and the desire and ability to participate and/or lead in co-curricular activities. After a student has assessed the abilities and interests she/he may have, the student may then choose to participate or not to participate.

Registration of Student Organizations
When and if any student group wishes to engage in a sustained program and use facilities on a regular basis, recognition of the group as a student organization is required. The Coordinator of Student Engagement will assist the group in the recognition process. The Associate Provost for Student Affairs and Dean of Students shall rule when there is a question as to whether a given group intends to engage or is engaging in a sustained program requiring recognition. Procedures for recognition of student organizations are available in the Cerf Center Office. This is to insure that each group:

- states their purposes, officers, advisor and activities; and
- are in keeping with the goals and purposes of the College.

The designation of recognition does not imply that the viewpoints of the organizations are those of the College.

In order to keep the organization's recognition current, a student organizational membership registration form must be completed within the first few weeks of each semester, as provided by the Coordinator of Student Engagement. Should this renewal of recognition not occur, all privileges extended the organization could be withdrawn until review is requested by the organizational officer and advisor to the Associate Provost for Student Affairs and Dean of Students. Updated information will need to be provided to the Coordinator of Student Engagement upon request.

Furthermore, as stated, an organization's approved recognition is withdrawn if they fail to re-register at the beginning of each semester. Notice of these actions shall be communicated to the Associate Provost for Student Affairs and Dean of Students and Student Life Committee.

Termination of Classification: The Office of Student Programs and Services by action of the Associate Provost for Student Affairs and Dean of Students, reserves the right to cancel the recognition of any organization which fails to observe the understandings outlined in this handbook, pending full review.

Group Responsibilities
Student groups and organizations planning and conducting their activities bear the responsibility for doing so not only in accordance with College regulations but also civil law. Student groups accept the responsibility of conducting their activities consistent with the goals and objectives of Eureka College.

- Basic Policy: All members of student organizations are expected to abide by the Student Code of Conduct.
Policy on off-campus speakers: The rights of students to invite and hear any person of their choice is governed by the policy outlined in Chapter VI of the Faculty Handbook. That policy indicates that any recognized group may invite any speaker it wishes, subject to scheduling policies, assurance of ample funds, and the speaker’s consent to a question and answer period immediately following the presentation. Every precaution should be taken to maintain the highest level of excellence and understanding.

Registration of Student Activities: No person may trespass upon the grounds or use the facilities of Eureka College without the expressed consent and permission of the College. It is also unlawful for any person or persons having legitimate access to the buildings and facilities to enter into or use such buildings and facilities during prohibited hours except as are promulgated and amended from time to time by the College administration.

All activities of any approved student organization must be scheduled in the Student Programs and Services Office. This includes events that are held off campus by an on-campus organization.

A Scheduling Confirmation Form needs to be completed in the Student Programs and Services Office before an event is officially registered.

For convenience of the organization, completion of the Scheduling Confirmation form signed by the Student Programs and Services Office Manager provides the following: official registration of facilities inclusion on the Master Calendar, and approval to hold such function.

Cancellation of functions and facilities should always be made through the Student Programs and Services Office and should be made as early as possible.

Property Damage: If property damage should occur during the activity, the person or persons responsible for the damage will be assessed for the repair or replacement of the damaged item. When the person or persons responsible for the damage have not made restitution, the sponsoring group will be assessed damages.

Public Activities: Attendance at events sponsored by Eureka College students is restricted to Eureka College students, faculty, staff, and guests of the sponsoring organization’s members unless others are approved by the Student Programs and Services Office.

Organizational functions should be arranged so that they do not conflict with college-sponsored functions.

Social events should conclude by the following times:
  - Weeknights - 12:00 a.m. (Sunday through Thursday)
  - Weekends - 1:00 a.m. (Friday through Saturday)
  - Arrangements for an extension of hours must be cleared in advance through the Student Programs and Services Office.

Financial Responsibility: The College expects organizations to assume financial responsibilities for their activities.

Financial Responsibility/Contracts: Student organizations, when entering financial contracts, will present for review full contracts to the Associate Provost for Student Affairs and Dean of Students prior to any commitment. When contractual concerns or problems exist, the Office of the Associate Dean has the option to instruct renegotiation or refusal of contract commitment.

Response to Official Notice: Immediate response from the organization is expected once it receives any official request from any college official.

Controlled Substance: The use, possession, and/or distribution of alcoholic beverages in College residence halls, fraternity or sorority houses, or other affiliated areas are strictly forbidden. In addition, the College upholds all municipal, state, and federal laws concerning all controlled substances.

Due Process: All members of student organizations must be provided due process in regard to organizational disciplinary action, membership and removal from office. Due process provides individuals and organizations a fair and structured system to prepare and present their positions on issues that pertain to them. Due process requires organizations to provide written charges to members who are subject to organizational disciplinary action and adequate time to prepare and present a defense
(not less than 24 hours but usually less than one week). All organizational members should be notified in advance of votes on such actions.

**College Review**
The College has the right to request a full review of each approved organization recognized at Eureka College or a review of a specific action. Such a review, coordinated by the Coordinator of Student Engagement or the Associate Provost for Student Affairs and Dean of Students, shall occur periodically and may also occur when organization's actions warrant. The Associate Provost for Student Affairs and Dean of Students will provide directives to insure responsible and proper operation of student organizations. Such directives will be forwarded to the chair of the Student Affairs Committee.

In disciplinary review, the Associate Provost for Student Affairs and Dean of Students will impose disciplinary sanction if necessary. Then, the Associate Provost for Student Affairs and Dean of Students will report these findings and the outcome of such review in writing to the student organization president, to the Chair of the Student Life Committee, and to the Chair of the Student Disciplinary Committee.

**Individual Disciplinary Action**
Individual students determined to be in violation of disciplinary regulations may be charged appropriately by the College's disciplinary system.

**Student Advisor Policy**
All student organizations and publications are required to have an advisor who is a full-time staff or faculty member of Eureka College. Student organizations are expected to consult with advisors in writing about all matters involving activities, budgeting, and policy. Advisors are expected to be actively involved with the student organization and discuss expectations for their role at the beginning of each semester. Advisors are not responsible for activities, expenditures, and policies they advise against or about which they were unaware or incompletely aware. Actions undertaken by an advisor, in an advisory capacity, are covered under the general liability coverage of the college insurance.

Organizations may not function without an advisor. If an advisor resigns from his or her position, the advisor should notify the Coordinator of Student Engagement within one week of the advisor's resignation. Notification of a change of advisors must be submitted in writing to the Coordinator of Student Engagement by the student organization within two weeks of the change.

Greek Organizations: Guidelines and Expectations

Greek organizations have been an important part of college life on the Eureka College campus for well over 100 years. During that time, the contributions of Greek organizations have been positive and valuable to the social and academic development of Eureka College students. The College reaffirms its support of the value of these Greek organizations and remains committed to continuing and building upon those positive attributes of the Fraternity and Sorority Community. The College renews that commitment through the Student Programs and Services and Cerf Center Offices and the supervision and support offered by the Associate Provost for Student Affairs and Dean of Students and the Assistant Director of Resident Life/Coordinator of Student Engagement.

Eureka College and its faculty and staff desire that all student organizations and student activities support programs which are constructive, educational and inspirational, and which provide meaning to individual student development. Eureka College's position is that all activities must unequivocally support the academic mission and responsibility of the Faculty and Students of Eureka College.

The College contends that true fraternalism, as nurtured by the sororities and fraternities recognized by Eureka College, be in the context of an atmosphere conducive to social and moral responsibility, respectful of the constituted authority of the institution, national headquarters staff, and local law officials, and loyal to the principles of higher education. Although the institution must, as a result of the organizational behavior of the past, legislate some guidelines for organizational activities, the College realizes that it cannot legislate the morality of individuals and organizations. However, the institution and its faculty has the right to define the behaviors it will and will not accept and to establish reasonable expectations of its organizations. Through the Associate Provost for Student Affairs and Dean of Students and the Assistant Director of Resident Life/Coordinator of Student Engagement, the College wishes to work closely in cooperation with its organizations to develop organizations which:

- represent Eureka College well to the campus community and the surrounding community alike;
- display good citizenship and productive community service;
- represent the highest standards and ideals of campus life.

In order to meet these standards, provide consistency in operation and procedure, eliminate miscommunication between individuals and the college, and insure fairness to each individual member and organization, the College provides the following directives.

Hazing
The College defines hazing as "any intentional act which knowingly or recklessly is committed by one person, or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of, or resulting from pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization, recognized or not, whose members are to include students. The willingness of an individual to participate in such activities shall not be a consideration mitigating disciplinary actions."

All organizational membership/association pledging, initiations, and activities must respect the dignity of the individual and not infringe upon the academic mission of the College, nor cause disruption to the faculty and students, campus or student life. All organizations should reduce risk for individuals, the college, and the organizations, and must abide within the directives of local, state, and federal laws. Therefore, activities of all campus organizations must respect these principles and College directives as herein provided. Although not all situations can be covered by such a document as this, the College provides these guidelines and will attempt to work with Eureka College Student Organizations to define other situations not directly covered herein.
However, in all cases, individuals and organizations are required to use common sense and to respect the dignity of the individual in their associations, membership selection, and initiation. Each organization and individuals will be held to this standard when specific guidelines do not apply.

Hazing includes, but is not limited to, the following:

- Paddling or physical abuse of any kind.
- Forced diets, forced consumption of food, drink, alcohol, etc., fasting, or other such activities including specified meal times.
- Calisthenics or the required exercising of any kind.
- Cursing at, belittling, humiliating, or degrading an individual.
- Probation of any kind which restricts or limits normal social behavior, including the act of silence or the restricting of conversation to organizational members or to college staff only.
- Late work activities, meetings, or any extended type of activity which requires organizational activities to extend beyond 11:00 p.m. and to begin before 7:00 a.m. and which may infringe upon a student's academic responsibilities and upon an individual's opportunity to a reasonable pattern of sleep. This shall also include associates (pledges/new members/associates) (new member/associate) awakened in the middle of the night and/or called for unannounced "late night" meeting or activities.
- Sleep deprivation, including the requiring of pledges to reside in the house (or wing) overnight.
- Morally degrading or humiliating games or activities where pledges are required to perform activities or acts that they feel would cause extreme embarrassment, damage to their reputation or which would be considered by the individual associate (pledges/new members/associates) abhorrent or against their moral code.
- Any type of road trip, or activity that could in any way endanger a pledge/new member/associate. This shall include kidnaps, blindfolding to provide disorientation as to their location, leaving campus secretly, and other such activities causing such conditions of disorientation, isolation, or discomfort to the pledges.
- Wearing or carrying items such as paddles, rocks, boxes, etc. which could be of embarrassment or cause punishment to the pledge/new member/associate if not done so.
- Servitude which requires the running of personal errands for the active or alumni member(s) or other such acts as required by individual members (e.g., a pledge/new member/associate (e.g., a pledge must do anything that a member asks or requests) which demeans the individual's social position.
- Line-ups of the new member class, marching in lines and required chanting individually or in group.
- Pranks, such as stealing items from another organization or harassing another organization or group of individuals.
- Restricting the activities of an individual so that he/she cannot participate in planned activities of normal day to day life for an extended period of time.
- Although this listing may seem extensive, it does not intend to exhaust every possible situation which may occur. Again, the measurable standard is that organizations and organizational officers should use common sense in the implementation of the organizational association/initiation guidelines and work closely with the Student Programs and Services Staff in the formulation of pledge/new member/associate programs and in resolving questions which may arrive relating to pledging/association. Additional guidelines may be presented in writing to the organizations throughout the period in which new members are brought into the organization.

**New Associate Member Eligibility and New/Associate Member Processes**

Formal recruitment for all incoming students to Eureka College will take place at beginning of the spring. The exact dates of Formal Recruitment are determined by the Greek Council and scheduled on the College Calendar. In order to join a Eureka College Greek Organization, freshmen and transfer students must participate
in formal recruitment activities. The Recruitment process for upperclass students who have attended Eureka College for one year or more takes place in either the fall or spring semesters. The amount of participation needed for eligibility is determined by the Assistant Director of Residence Life/Coordinator of Student Engagement. Rules and guidelines regarding recruitment and pledge/new member/associate eligibility are distributed by the Assistant Director of Residence Life/Coordinator of Student Engagement before formal recruitment each year. Written notification will be sent by the Assistant Director of Residence Life/Coordinator of Student Engagement to each chapter president regarding those with new member/associate member eligibility qualifying them to go through the recruitment process. Eligibility may also be withheld due to disciplinary probation or outstanding debt to the College.

Pledge/New Member/Associate member programs will begin immediately following the conclusion of the recruitment process. Pledge/New/Associate education programs are not to exceed six weeks in length. The exact date of this deadline should be discussed in Greek Council meetings and promoted to each organization no later than January of each year. Organizational activities shall not conflict, nor allow the activities of their new members to conflict with the academic responsibilities of faculty or students, nor shall these activities conflict with regularly scheduled college activities. A general outline of each chapter's pledge/new/associate program should be given to the Assistant Director of Residence Life/Coordinator of Student Engagement no later than the first day of recruitment of each semester. All major activities should also be scheduled on the college calendar. The outline does not officially schedule an event.

When a student accepts a bid to join a fraternity or sorority, he or she must complete and sign a Confidential Information Release and Non-Hazing Policy Affirmation form in the Student Programs and Services Office. This waiver must be co-signed by an officer of the organization. This waiver formally identifies the student as a part of that organization until the Student Programs and Services Office is officially notified differently. It also gives the College permission to release that student's grades to the fraternity or sorority.

Eureka College requires students to achieve a minimum grade point average of 2.25 before joining a Greek Organization. Some campus Greek organizations require a higher GPA for membership. After the close of the first semester, the Assistant Director of Residence Life/Coordinator of Student Engagement will verify the GPA of the students who have signed affirmation forms. Written notification will be sent by the Assistant Director of Residence Life/Coordinator of Student Engagement to each chapter president regarding the academic eligibility of the prospective new members of that organization. Eligibility may also be withheld due to disciplinary probation or outstanding debt to the College.

Initiation of new members must be approved by the Assistant Director of Residence Life/Coordinator of Student Engagement. A Request to Initiate form must be completed and turned in to the Student Programs and Services Office at least two weeks before the planned initiation date. The Request to Initiate form must be approved by the Business Office, the Assistant Director of Residence Life/Coordinator of Student Engagement and the Records Office. The original copy of this form will be returned to the organization's president. If an individual is not approved for initiation for financial or disciplinary reasons, notice will be given so the situation can be investigated.

**Residential Living**

Resident Advisors and other Student Programs and Services staff members representing the College have a responsibility to inspect all areas of the College on a daily basis to insure the documentation of maintenance and custodial needs. Residential Areas are designed as educational living environments which should encourage community social activities, both within the Greek organization itself and between Greeks and non-Greeks. To close such areas restricts such socialization and the free use of these areas as public thoroughfares (as limited as that may be). Such closure of areas should be accomplished only with prior approval of the Assistant Director of Residence Life/Coordinator of Student Engagement. This approval will only be given on a limited basis.
Formal notification of the closure will be sent to the Associate Provost for Student Affairs and Dean of Students, Campus Security and the Resident Assistant on Duty.

**Calendar**

In order to maintain a program of activities which insures the opportunity for full participation of Eureka College students, the Master Calendar in the Student Programs and Services Office should be utilized in the scheduling of all events, to reduce conflicts between organizational activities, academic programs, and co-curricular events. Therefore, all organizations should schedule activities (other than their regular scheduled meetings.) In doing so, the Assistant Director of Residence Life/Coordinator of Student Engagement may direct the rescheduling of activities which are in conflict.

**Risk Management**

In an era of increased liability and lawsuits, the College wishes to reduce for itself and its faculty, staff, and students, as well as its alumni organizations, liability within housing units and in organizational activities. This shall include consideration of maintenance, custodial, and facility concerns of all areas owned, supervised, or controlled by the College or its recognized organizations. It shall also consider organizational programming, including guidelines for the planning of activities, involvement of advisors, and the use of alcohol in and around organizational activities by organizational members or guests. Risk Management and Alcohol/Drug Abuse must be an important consideration for Eureka College student leaders, organizational advisors, and the College community as a whole. All organizational activities should follow the College's "Expectations and Standards in a Community of Learning", the Alcohol Policy, and the Eureka College Residence Hall Room and Board Contract.

**Whistle Blower Protection**

Individuals active within a fraternity or sorority who report violations of College policy affecting their own chapter may do so under conditions of anonymity. Organizational officers are entitled to specifics of the accusations made but shall not be entitled to the name of the individual reporting these violations. As active members representing a specific chapter, the information provided college authorities shall be considered as valid as that information provided normally to the College by chapter officers. Such reported incidents shall be investigated. This item only applies to charges from within the membership itself. Anonymity is not extended to those individuals from outside the chapter membership who may make charges of wrongdoing.

**Greek Council**

The Greek Council allows Greek organizations to combine their resources to reach goals and objectives and serves as a vital communication source between the Greek organizations and the College. Attendance and participation in Greek Council meetings and programs is encouraged and required.

**Nationally Affiliated Organizations**

At all times, fraternities and sororities agree to abide by both the College policies as well as their national policies. Chapters must complete all required paperwork for any events, reports, or programs requested by headquarters staff or representatives. All NPC, NIC, and FIPG rules apply at all times.

Faith-Centered Life on Campus
Eureka College is a campus calendar in which the elements of a faith-centered life are important. Expressions of such faith can be witnessed among the faculty, staff, and students. Though the College has its origins within Christian heritage, the campus embraces all members of the community, honoring each person’s unique search for meaning.

From its origin, Eureka College has been focused upon the spiritual dimensions of a life that combines the search for truth by faith and by reason. When this area was settled, Eureka Christian Church was established, followed by Eureka College. The College reflects this emphasis and its beginnings as a place of mission and service.

Eureka College is proud of its relation to the Christian Church (Disciples of Christ). The College and the Christian Church (Disciples of Christ) are related by a mutual covenant which is dedicated to the growth and development of students. This relationship creates a distinct role for Eureka College.

The College Chaplain
The Chaplain serves the rich and diverse expression of faith at Eureka College. The Chaplain identifies this diversity within the lives of the students, faculty, and staff. In addition, the Chaplain seeks to enable the College to express itself in acts of service and mission to the communities on its doorstep and beyond. As Eureka College pursues excellence in servant leadership, the Chaplain serves as a voice of faith and heritage in those settings in which the College sets policies, strategies, and plans. The Chaplain provides a compassionate, discerning and confidential ear for all members of the College community.

Opportunities for Involvement
Opportunities for worship and involvement exist on campus. Students may be involved in the following student groups and activities:

Disciples on Campus (D.O.C.) - This group is provided for those students from either a Christian Church (Disciple of Christ) or United Church of Christ background. However, any student can participate actively. The DOC Group offers students regular meetings and events, discussion of faith-related issues, service opportunities, and a Spring Break Mission Trip.

Campus Crusade for Christ - Campus Crusade for Christ International is an inter-denominational Christian campus ministry. It is a student movement working together to spread the Word of God on campus. Campus Crusade offers fellowship, Bible study, and spiritual growth.

Salve Regina Newman Center - This Roman Catholic sponsored ministry seeks to foster the spiritual, intellectual, and social growth of its members. It provides fellowship for Christians (and those of other traditions) where-in they may deepen their lives and express their interests in the college community.

In addition, student groups are developed that offer a variety of experiences from a faith-centered perspective. Information about new or developing student groups of this type may be obtained from the Chaplain.

Opportunities in the Area
Eureka College and the Christian Church (Disciples of Christ) seek a cooperative relationship with faith communities, congregations, churches, and other Christian denominations. Students of all backgrounds are welcome and are encouraged to share in the life of a faith community in the area. The Office of the Chaplain is available to assist students if they would like to be involved in one of these faith communities. A partial listing within the area follows below. For other opportunities, than those listed, please contact the Chaplain.

Academic Integrity

Academic Dishonesty

Eureka College strives to instill individual responsibility and integrity in its students, and expects its students to behave with integrity throughout their time at the College. Any giving or receiving of unpermitted aid on tests or assignments is considered cheating. If a student is uncertain about how to document sources or incorporate materials into a paper, it is his or her responsibility to seek help by speaking to the faculty member, another professor, or a Writing Center tutor.

Definition of Academic Dishonesty

Academic dishonesty includes the deliberate passing off of another’s ideas as one’s own; any attempt to gain information about a test or exam prior to the test or exam date without the instructor’s consent; and providing unauthorized assistance on a test, exam, paper, or other assignment to another student.

Specific examples of academic dishonesty include, but are not limited to, the following:

- Copying any portion of a paper off of the Internet or from another source, published or unpublished, without proper attribution.
- Paraphrasing any text found on the Internet or in another source, published or unpublished, without proper attribution.
- Claiming another’s idea as one’s own, regardless of the language in which that idea is expressed.
- Copying from another student’s paper, communicating with another during a test, or giving unauthorized help to another student during a test.
- Sharing, using, obtaining, or trying to obtain a test or any part of a test before the test period.
- Employing any unapproved methods in coursework or preparation for a test.
- Obtaining or distributing examination materials prior to the scheduled exam without the consent of the instructor.
- Using a computer program or website to help with an assignment when the instructor has explicitly forbidden its use.
- Attempting to change answers after an exam has been submitted.
- Allowing someone or paying someone to write a paper for you.
- Purchasing a pre-written paper.

Academic Dishonesty: Procedures for Reaching an Informal Resolution

Academic dishonesty represents a serious breach of Eureka College’s policies and ethos. When such dishonesty can be demonstrated to have occurred, therefore, it will be dealt with seriously, and all demonstrated cases of academic dishonesty must incur an appropriate penalty.

A dispute resolution is considered “informal” when it is arranged without going before the Judicial Board, although students do have recourse to the Board should they disagree with the outcome of the informal resolution (see e, below). Cases of academic dishonesty initially should be dealt with according to the following procedure:

a. If the instructor suspects a student of academic dishonesty, he or she should do whatever is reasonably possible to find evidence of plagiarism or cheating. Such measures might include locating plagiarized passages on the Internet, in course books, or in a classmate’s paper. In some cases, it may be difficult to trace direct evidence of academic dishonesty, but any materials that are discovered should be carefully documented and copies made for the student to examine. It is also recommended that faculty include a statement in their syllabi that advises students to document their own work process—e.g. keeping early drafts of papers—in order to clarify cases of suspected academic dishonesty.
b. If the faculty member has established a reasonable basis for suspecting a student of academic dishonesty, a meeting between the faculty member and the student should be called as soon as possible. Should such a meeting be impossible—e.g. the student has left campus for the summer—the discussion between the faculty member and the student can occur over the phone or through email. If the student does not respond to the faculty member’s attempts to set up a meeting, then the faculty member may take the actions defined below (establishing a penalty and placing a letter in the student’s file) without meeting with the student; however, every reasonable effort should be made to reach the student and the student should be informed in a letter sent to the student’s home of the actions to be taken; an additional email sent from the faculty member’s Eureka account to the student’s Eureka account may also be appropriate.

c. At this meeting, the faculty member will give the student an opportunity to respond to the charges made against the student and show the student any evidence that the faculty member has amassed. Upon the conclusion of the student’s defense, should the faculty member remain convinced that academic dishonesty has occurred, he or she must inform the student of the following: the penalty that the student will incur, that a letter will be placed in the student’s file (see d below), and of the appeal system that the student may follow if he or she wishes (see e below).

d. Upon conclusion of the meeting, the faculty member will write a letter that documents the incident, reports the important details of the conversation with the student, and describes the penalty that the student has incurred. Copies of this letter will be sent to the student, to his or her advisor, and to the Provost’s office.

e. Should the student wish to contest the faculty member’s decision, he or she should first schedule a meeting with the faculty member’s Division Chair. If the student remains unsatisfied after meeting with the Chair, he or she may speak to the Provost. If the student decides to pursue this course of action, it would be appropriate for the faculty member to share the evidence of academic dishonesty against the student with the Division Chair and, if necessary, the Provost. If, after meeting with the Provost, the student remains dissatisfied with either the charge of academic dishonesty or the punishment meted out, and an informal resolution of the problem is not possible, then he or she should initiate procedures for a Student Academic Appeal. The student will be informed of these options in his or her meeting with the faculty member (described in b above).

Penalties for Academic Dishonesty
Punitive measures taken for academic dishonesty are—within reason—ultimately up to each individual faculty member; given the serious nature of the offense, however, it is recommended that faculty deal seriously with such cases. In order to ensure consistency of expectations, all demonstrated cases of academic dishonesty could be met with one of the following penalties. Faculty should include a statement on their syllabi detailing how they will address cases of academic dishonesty, and students are responsible for reading and understanding these statements. Possible penalties are described below.

- **Failing grade for the course.** If the dishonesty is clearly demonstrated and appears to be intentional, or if the syllabus states that it will result in an F for the course, then a failing grade for the course will be issued to the student. Examples of cases in which a failing grade for the course would be appropriate include: a student’s copying from or paraphrasing a website without attribution in a paper; students sharing information during a test; a student’s writing part of a paper for another student; and a student’s texting answers to exam questions to a classmate. In these instances, the student will not be allowed to withdraw from the course, regardless of whether the withdrawal date has passed.
• **Failing grade for the assignment.** In some cases, it may be appropriate to give the student a 0 for the particular assignment but to allow him or her to continue in the course. This measure should only be taken when the faculty member feels that the student may not have understood the requirement to document all sources, or where the intention to cheat is not clearly present. Such a case might include an instance in which a student writes the bulk of the paper him or herself, but knowingly paraphrases an idea from a textbook in one paragraph without proper attribution.

• **Opportunity to rewrite the assignment, with the possibility of an established penalty.** If the plagiarism is very minor and clearly unintentional, the faculty member may allow the student to rewrite the assignment. The faculty member may also specify that the rewritten assignment will still incur a grade penalty (e.g. a one-letter-grade deduction, or the grade on the rewritten assignment will be averaged with 0 given to the plagiarized assignment.) This option would be appropriate in the case of, for example, a student’s reproducing what he or she thought to be “common knowledge” without proper attribution, but where the main argument of the paper is the student’s original work. Directly copying another student’s paper or exam or acquiring answers to a test prior to the test date would not appropriately fall under this category.

• **Stated Course Policies Regarding Academic Dishonesty**
  It is recommended that faculty include a statement on each syllabus that explains his or her policy on academic dishonesty. A sample statement is below:

  “Academic dishonesty constitutes a major breach of the trust that exists between the instructor and the student. It includes passing off another’s ideas as one’s own, any attempt to gain information about a test or exam prior to the test or exam date without the instructor’s consent, and providing unauthorized assistance on a test, exam, paper, or other assignment to another student. Cheating on a test, exam, quiz, paper, or other assignment will result in a failing grade for the course. Students who fail for academic dishonesty will not have the option of withdrawing from the course. If you are in doubt about what plagiarism means, or about how to appropriately document sources in your work, please contact me; I will be happy to help.”

**Disciplinary Letters and Multiple Infractions**
All letters sent to the Provost’s office regarding cases of academic dishonesty will be kept on file for the duration of the student’s enrollment at Eureka College. If a student receives two letters testifying to academic dishonesty, the Provost will review his or her case and determine whether the letters provide evidence of a pattern of dishonest behavior that should be dealt with more seriously. If the Provost decides that the student’s case warrants more attention, then it will be brought before the Judicial Board. The Judicial Board will then determine whether the student’s case warrants academic suspension or another punitive measure.

**Sample Letter for Student’s File**
[Date]

Dear [Provost]:

As per the instructions in Section 3 of the Student Handbook, Informal Dispute Resolution of Judicial Procedures, I am reporting the results of my meeting with [Student], a student who took my [Course name and number] course this semester, about an incidence of plagiarism.

At the end of the semester, [Student] handed in his/her final paper assignment, in which I discovered numerous paragraphs that were copied word for word from Internet sources without quotation marks or proper citation. I then contacted [Student] for a conference.

On [Date], we met in my office. I explained to him/her what I had discovered and showed him/her how closely his/her paper followed the Internet sources. I informed him/her that my policy was to issue an F for the course,
and that, should he/she wish to contest my decision, he/she could speak to [Chair], chair of the
[Humanities/Fine and Performing Arts/Business and Social Sciences/Math and Sciences/Education] division.

[Student] then met with [Chair], who reviewed the case and supported my decision to issue an F for the course. [Student] was told that he/she could contact the Provost should he/she wish to pursue the case any further.

I have informed [Student] that I would be filing this report to the Provost’s Office, as per the required procedures, in order for the College to keep track of multiple infractions should he/she have trouble in another course. [Student] is also aware that his/her advisor will receive a copy of this letter, as well.

Sincerely,
[Faculty Member]
Instructor, [Course name and number]
cc. [Student]
[Student’s advisor]

Individuals who are found in violation of our standards against harassment or abuse will be subject to immediate suspension from the college.

Organizations or groups that participate in hazing of new members, candidates or pledges are subject to having their Eureka College charters revoked and being banned from campus. Individuals who participate in hazing activities will be subject to the most severe disciplinary actions prescribed in this section.

Specific Policy on Cyber-bullying
Cyber-bullying is defined as the use of digital media by a group or individual which is intended to, or has the effect of, embarrassing, harassing, disturbing or otherwise harming another individual and will not be tolerated. The use of digital media which is intended to, or has the effect of, embarrassing, harassing, disturbing or otherwise harming another individual will not be tolerated. 'Digital media' includes social networking sites (Facebook, Twitter, MySpace, Email, etc.), text messaging and other related forms of electronic communication. Students who take sides in cyber-bullying cases may be considered participants and investigated for misconduct. An example of taking sides is hitting the thumbs-up 'like' button on Facebook in reaction to an alleged inappropriate remark deemed as cyber-bullying, but other ways of being a participant may exist and will be investigated.

In making appropriate use of Eureka College computing resources students are not permitted to use mail or messaging services to harass, intimidate, or otherwise annoy another person, for example, by broadcasting unsolicited messages, or sending unwanted mail.

If Student Programs and Services Staff are made aware that cyber-bulling/harassment is taking place through the use of Eureka College IT Services and/or personal technological devices, such actions will result in disciplinary action. The disciplinary actions taken by the College does not shield from any criminal charges that may be taken against the harasser.

Rules of Procedure in Student Social Disciplinary Matters (Judicial Board)

Eureka College recognizes the student’s right as a citizen of the United States of America to respect and consideration and the constitutionally-guaranteed freedoms of speech, assembly, and association. The College further recognizes the student’s right within the institution to freedom of inquiry, and to the reasonable use of the services and facilities of the College which are intended for the student’s education.

The College has the responsibility and authority to establish specific standards and regulations that clarify its expectations of personal behavior. Since it is not intended to mimic or replace the criminal law code, the Expectations and Standards in a Community of Learning is not to be construed as an exhaustive or all-inclusive list of prohibited behavior. Similarly, the College has the responsibility and authority to establish judicial bodies and procedures that affirm its values, remediate offenses, and assist in the resolution of disputes. These bodies and their procedures represent a commitment to treat all individuals with equal fairness and dignity.

Appropriate due process safeguards have been built into the judicial procedures so that no permanent or recorded penalty shall be meted out until the student accused shall have a fair chance to be heard. An appeals procedure is also established to allow the student an opportunity for review of his or her case in situations where the student believes the decision to have been reached in violation of due process.

Outline of Social Judicial Process

I. Complaint Filed
II. Preliminary Investigation
III. Informal Disposition
IV. Temporary Suspension
V. Formal Procedures and Disposition
VI. Record of Hearing
VII. The Right of Appeal
VIII. Status During Appeal
IX. Sanctions

Section 1: Filing a Complaint

The Student Programs and Services Office, acting through the Associate Provost for Student Affairs and Dean of Students and staff, is responsible for the administration of discipline for conduct that is unacceptable or involves an infraction of College rules and regulations. The authorized representative will be appointed by the Associate Provost for Student Affairs and Dean of Students, referred to as the Judicial Officer, and will initiate judicial action in accordance with these regulations. Any student, administrative official, faculty, or staff member of the College Community may file a complaint against a student of the College for violation of the student code of conduct.

Section 2: Preliminary Procedures and Investigation

The Judicial Officer shall investigate any reported student misconduct before initiating an official opportunity for the accused student to present a personal version of the incident or occurrence. The Judicial Officer may discuss, consult and advise in person with any student, whose conduct is called into question, and the student shall attend consultations as requested.

Section 3: Informal Disposition

An informal disposition occurs in order to address the complaint without a formal hearing. This occurs in order to provide adequate intervention to the student (in case of mental health) or to streamline the process. The Associate Provost for Student Affairs and Dean of Students or Judicial Officer, after investigation, shall have the authority to impose appropriate discipline. It should be noted, however, that the Associate Provost for
Student Affairs and Dean of Students may forgo the informal disposition and refer cases to the Judicial Board. The “official” complainant may request that a case be referred directly to the Judicial Board.

Should a student fail to respond to the request by the Associate Provost for Student Affairs and Dean of Students for conference, discussion, or for hearing of a judicial matter, the Associate Provost for Student Affairs and Dean of Students has the right to initiate informal disposition, at which a plea of “not responsible without comment”, shall be registered on behalf of the student. Prior notice of an intent to hold such a hearing shall be forwarded to the student, when the student has failed to respond to reasonable requests for a conference or interview, defining a specific time and date of such a decision.

A student may appeal the decision from an informal disposition (to the College Provost) using the process stated below in Section 7: Right to Appeal.

Section 4: Temporary Suspension
The Associate Provost for Student Affairs and Dean of Students, in consultation with the Provost, may temporarily suspend a student or deny re-admission to the College pending formal procedures when it is believed from substantial information coming to his/her attention that the presence of the student on campus would seriously disrupt the College community or constitute a danger to the health, safety, or welfare of the College or the student. The Judicial Chair, at the direction of the Judicial Officer, may be asked to convene the Judicial Board after a temporary suspension to determine if the student shall remain on temporary suspension pending the judicial hearing (if there is a hearing).

Section 5: Formal Procedures and Disposition
A. Judicial Board: (1) The Judicial Board shall consist of five members: two students, two faculty members, and one member of the staff. An alternate is selected for each position. Faculty members, one named as Chair, are elected to alternating two year terms by the Faculty from nominations made by the Faculty Cabinet; staff members are chosen by and serve at the pleasure of the President of the College; student members are elected by the Student Senate to alternating two year terms. (2) Alternates will be called by the Chair of the Judicial Board to hear a case only if needed because of absence or disqualification of a regular member. The student accused has the ability to substitute in an alternate member of the Board if they have a close relationship with someone on the Board. A Board member also has the ability to substitute in an alternate on their behalf if they have a close relationship with the student accused. The student accused and the Board members will be notified of the names of those that will be present at the hearing at least 48 hours in advance and must immediately notify the Chair of the Board to arrange an alternate. All parties must make a conscious effort to avoid contact before the Hearing. Board members must be present for the entire hearing in order to rule on a specific case. (3) A quorum of two faculty members and one student must be present to hear a judicial case. (4) During vacation periods, this Board may be comprised of three faculty or staff members available, appointed to hear a pending case by the College President or Provost.

B. General Statement of Procedures: The procedures set forth below shall be interpreted and administered to accomplish fairness and due process, and shall provide prompt consideration of student conduct cases. Judicial proceedings are not to be construed as judicial trials, but care shall be taken to comply as fully as possible with the spirit and intent of the procedural safeguards set forth herein.

C. Notice of Hearing: The Judicial Officer shall initiate judicial hearing by arranging with the Chair of the Judicial Board and by giving written notice of that hearing to the student charged. This notice of hearing shall include the statement of charges, as well as the time and place for the hearing. Notice of hearing shall be given to the student at least 72 hours before the hearing. At this time a copy of this notice shall also be presented to the academic advisor and the Chair of the Judicial Board. Judicial
hearings will not be scheduled to conflict with academic commitments. Except for good cause shown, any witness to be used by either party must be identified no later than 48 hours prior to the hearing so that he/she may be contacted and his/her attendance mandated by the Judicial Officer. Copies of any documents that the Judicial Board is expected to use to base a decision must be approved by the Judicial Chair no later than 48 hours prior to the hearing as well.

Any request for continuance shall be made in writing to the Chair, who shall have the authority at his/her discretion to continue the hearing if it is determined the request is timely and made for good cause. The Chair shall notify the Judicial Officer of the new date for the hearing, and the Judicial Officer will notify all parties involved.

After receiving notice of the charges and being informed of the possible sanctions if found in violation of the Code of Conduct, students accused of misconduct may admit responsibility in writing to the Chair, thereby waiving a hearing except to establish sanctions. The Chair may agree to convene the Board in executive session to determine sanctions, or may decide to submit the admission to the Board members for consideration. In the latter case, the Board will determine by a majority vote whether a hearing is necessary to fulfill its responsibility of affirming community standards of behavior.

D. Conduct of the Hearing: All Judicial Hearings shall be closed to the public. The Chair shall preside at the hearing, call the roll of the Board in attendance, ascertain the presence of the Judicial Officer, and ascertain the presence or absence of the accused student and the complainant. (If the charges are being brought solely by the complainant, and he/she is not present at this time, the complaint will be dismissed.) If the student accused is not present, the hearing shall proceed without them. Witnesses for both the College, (and/or the complainant) and the accused student will be identified at this time. All other visitors shall be identified and only if these individuals have a vested immediate interest in the outcome of the hearing (e.g. the student’s faculty advisor) as determined by the Chair, may these individuals remain. The accused student may be accompanied at the hearing by an advisor. However, this individual may not participate in the hearing.

The following procedures shall be followed thereafter:
(1) The Chair will ask the Judicial Officer to read the charges against the accused student(s). (If more than one student is charged with the same offense, it shall be at the discretion of the Judicial Officer and the Chair of the Judicial Board to determine whether in the interest of fair play to the accused and the College, the cases should be heard separately or together.)
(2) The Chair will ask the student to plead responsible or not responsible to each charge presented by the Judicial Officer.
(3) The accused student(s) and the complainant will both be given opportunity to present his/her version of the incident to the Board.
(4) The Chair will then call for the testimony of the witnesses identified through the presentation.
(5) The Chair will then call for the witnesses identified by the student accused.
(6) The Chair will then ask for questions from the Board. (However, the Board may ask questions prior to this time of those presenting information or having already presented information to the Board). Questions may be asked of any participant in the room by any Board member.
(7) The Chair shall then ask for summary statements from the student.
(8) The Chair shall then ask for summary statements from the Judicial Officer or the student in complaint.
(9) The Chair shall then clear the room and the Board shall begin its deliberations.
E. **Rights of the Judicial Board:** The Judicial Board shall not be bound by the rules of evidence applicable in court proceedings, but shall exclude immaterial, irrelevant, or unduly repetitious information or testimony.

If any Board member is involved in an incident or hearing before the Board, he/she must recuse himself/herself from the case. Board members will be expected to excuse themselves where a conflict of interest or the appearance of one is present.

The Board through the Chair may dismiss any person from the hearing who interferes with or obstructs the hearing or fails to abide by the rulings of the Chair or the Board. Such shall be considered a judicial offense which may result in immediate judicial action, which may include suspension from the College, initiated by the Judicial Board.

F. **Rights of the Student upon Hearing:** A student appearing before the Judicial Board may have an advisor of the student’s choosing to examine evidence presented and to consult with during the hearing. However, only the student may question witnesses present and testify before the Board.

To further ensure fairness and impartiality, both the Initiator and Respondent will have the uncontested right to substitute as many as two alternates for original Board members; the composition of the Board (two faculty, two students, one staff member) is to be unchanged. This request must be made in writing to the Chair not less than three calendar days before the hearing is scheduled to take place.

The student may make any statement to the Board in explanation of his/her conduct. He/she may also present evidence by witnesses.

The student has the right to appeal any decision reached by the Judicial Board if they feel the decision was based on a process that did not follow policy (Section 7: Right of Appeal).

G. **Determination:** After all testimony is heard, the Judicial Board shall deliberate in Executive Session. Only members of the Judicial Board may be present, unless the Board invites individuals back for clarifying statements. At such time, the Judicial Officer is also to be present. No penalty shall be imposed on the student unless a majority of the Board present is reasonably convinced by the evidence that the student has committed the violation as charged and should be disciplined.

H. **Official Report of Findings:** The Board shall return from Executive Session and make known its findings. If the student is found not responsible, the decision shall be communicated orally to all parties. The Judicial Officer shall officially communicate the Board’s findings in writing thereafter to the student.

If the student is found responsible for the charges, the following procedure will be initiated.

1. The Chair shall read the findings of the Board
2. The Judicial Officer shall be requested to provide the following information:
   a. The student’s prior judicial history (positive or negative) and any sanctions given;
   b. Damage done to property, restitution made, and;
   c. Other factors which the Judicial Officer thinks will assist the Board in defining the student’s relationship with the Eureka College Community.
3. The student may present information and/or witnesses he/she feels will assist the Board in adjudicating sanctions.
(4) The Board will return to Executive Session for determination of sanctions to be assessed. The Board may, at its discretion, invite individuals to assist in this Executive Session (e.g. the Associate Provost for Student Affairs and Dean of Students, the Student’s Academic Advisor, etc.)

(5) On the completion of this determination, the Judicial Chair will communicate to the Judicial Officer the Board’s findings.

(6) The Judicial Officer will communicate the official findings of the Board in writing to the student and the student’s academic advisor, and copy of such notice to the Chair of the Judicial Board. This should be done within 24 hours after the hearing is adjourned.

(7) Thereafter, the Judicial Officer must insure that sanctions assessed by the Board are fulfilled, reporting back to the Board periodically the status of these cases, if requested.

Section 6: Record of Hearing
The Judicial Chair shall tape record all student judicial hearings, except the Board’s Executive Sessions. The tapes will be kept for purposes of review in case of appeal. If the case is not appealed, the tapes shall be immediately erased. The Judicial Officer shall keep a file for each student against whom judicial action has been taken. This record shall include all written communications, statements of findings, and any appeals which are initiated. This file will be available for the student’s inspection and will be kept on hand for a minimum of seven years.

Section 7: The Right of Appeal
The student accused, the student in complaint, the Judicial Officer, the Associate Provost for Student Affairs and Dean of Students, or any member of the Judicial Board may appeal any decision reached through the formal procedures of the Judicial Board by filing a written notice of appeal with the College Provost within 48 (weekday) hours after notification of the decision. The appeal notice shall be specific as to that which is to be appealed; the basis for the appeal; and the evidence cited in support of said appeal. Decisions may be appealed only if (1) judicial procedures were not adhered to, and (2) the deviation in procedures prevented the student’s ability to refute the finding of guilt and/or (3) the degree of penalties assessed is not commensurate with the degree and extent of wrongdoing. A copy of the letter of appeal shall be given by the person appealing to the Judicial Officer who will forward a copy to the Chair of the Judicial Board and to the Provost.

Upon receipt of the letter of appeal the Provost shall review the basis of appeal and determine if the person appealing has adequately and reasonably presented evidence to justify a review of the case. If the appeal is judged to be inadequate, the decision of the Associate Provost for Student Affairs and Dean of Students or the Judicial Board shall be considered affirmed by the Provost.

If the basis for the letter of appeal is judged to be valid, the Provost shall review the records of the case. He/she may affirm, reverse or lessen the decisions of the Dean of the Students or the Judicial Board. However, if the Provost determines that the previous decisions were not commensurate to the severity of the case, the Provost may impose more severe judicial sanctions. In cases where the Provost desires more deliberation, discussion or investigation, he/she may stay any decision until a specified time to allow further consideration of the matter.

The decision of the College Provost is final. Notification of this decision shall be given to the student, the Judicial Officer, Associate Provost for Student Affairs and Dean of Students, the Faculty Advisor, and the Chair of the Judicial Board.

Section 8: Status during Appeal
In cases of suspension or dismissal where Notice of Appeal is filed within the required time, the student may petition the Provost in writing to attend classes pending final determination of the appeal. The
Provost may or may not permit a student to continue in school. The Provost’s decision will take into account whether or not the student’s presence would seriously disrupt the College or constitute a danger to the health, safety or welfare of the College or its students. However, with the exception of suspension or dismissal, any judicial action taken will be waived until the appeal process has been concluded.

Section 9: Sanctions (Individual and Group)
Students are notified in writing of sanctions imposed as a result of judicial action. One copy will be provided to the student found in violation of college policy and the other copy will be placed in the student’s permanent file. Student Publications
The Student Life Committee will meet with the Editor, Assistant Editor, and Advisor of the student publication to discuss the possible violation of the policy. At this time, if the policy is deemed to have been broken, the Student Life Committee will pursue in the following means:

Alcohol and Other Drug Policy

Drug-Free Schools and Communities Act

On December 12, 1989, President George Bush signed the Drug-Free Schools and Communities Act Amendments of 1989 which require that institutions of higher education implement a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by its students and employees on school premises or as part of any of its activities.

The law, in addition to the Drug-Free Workplace Act-Pub L. No.100690,5151-5160 (which require applicants for federally funded grants and contracts to certify that they will institute formative steps to prohibit the unlawful manufacture, distribution, possession and use of controlled substances in the workplace), established the legal requirements of Eureka College’s policy.

Biennial Review Procedures

Pursuant to the Drug-Free School and Communities Amendments of 1989, these policies and related programs will be reviewed every two years for compliance. The materials development pursuant to these policies and the results of the biennial review will be made available to the Secretary of Education if the College is selected in a random selection by the Secretary for determination of compliance. In addition to circulating these policies to all students and employees, policies relevant to the Drug-Free Workplace Act will be posted in public areas of the College.

Good Samaritan Policy

In the event a peer or community member is in need, any individual that calls for help will not be subject to disciplinary action by the College. In the event that a peer or community member is in need, failure to call for support and/or help may result in disciplinary action against an individual and/or organization.

Eureka College recognizes the importance of prompt and appropriate medical assistance and/or treatment for severe alcohol intoxication, overdose, or physical injury. In an attempt to diminish the barriers for treatment, reduce the harmful consequences of excessive substance use, and increase the likelihood campus community members will call for medical assistance when needed, the Good Samaritan Policy has been created.

- If a student calls for medical attention for another student because of severe alcohol intoxication, overdose, or physical injury by calling 911 or campus police (x6600 or 309-339-0321), then the individual initiating the call will not be subject to disciplinary proceedings through the College Judicial System.
- A representative of an organization hosting an event who calls for medical attention for an individual present at their event and works cooperatively with responders shall not receive judicial sanctions that might arise from the possession and/or consumption of alcohol, if the situation is an isolated event. Repeated violations of the Eureka College Student Code of Conduct by an organization will warrant judicial consequences. Failure of an organization to seek appropriate medical assistance may also result in judicial action against an individual or organization.
- Responsibility for determining applicability of this policy will be made by the Student Programs and Services Office. This policy is not intended to address possible violations of criminal laws or their consequences. This policy is intended to be a support mechanism for students in need. Any abuse of this policy or any other College policy may result in judicial action.

The Alcohol and Other Drug Policy at Eureka College is based on four essential foundations:

- That we are, first and foremost, a learning community. We know that improper use or abuse of alcohol is counterproductive to learning. All of us have an obligation to maintain a standard of behavior that promotes the intellectual development of all our members to their full potential.
• That the College has an obligation to provide a campus environment for all of our members - faculty, staff and students - that ensures their physical safety.
• That we are law-abiding and that all of our members are expected to support, uphold and obey the laws of our community, our state and nation.
• That the College has an obligation to provide education regarding use of alcohol and other drugs to all of its members, and to recommend counseling and/or treatment to those members who are in need of such services because of problems with alcohol and other drug use.

Definitions/Descriptions for the Purposes of this Policy

The term “illegal drug” includes all illegal drugs such as steroids, dangerous drugs and controlled substances. Marijuana, hashish, cocaine, PCP, LSD, heroin, Dilaudid, Quaaludes and methamphetamine are only a few of the dangerous drugs or controlled substances which are included within such terms.

Peer to peer education is an essential component in creating such an environment on the Eureka College campus.

• Attend social host training, which occurs at the beginning of each semester. At training, deadlines and social host responsibilities will be explained in detail. At the end of the training, Social Hosts will be able to demonstrate that they are aware of College policies and regulations and state and local laws concerning the possession and consumption of alcoholic beverages.

Title IX

The Department of Education through the Office for Civil Rights and the State of Illinois support everyone’s right to attend a college or university free from sexual harassment.

Title IX of the Education Amendments of 1972 states: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

The Illinois Human Rights Act (“Act”) makes it unlawful for teachers, professors, facility members and other employees of colleges and universities to sexually harass their students. The Act specifically prohibits unwelcome advances or conduct of a sexual nature, and requests for sexual favors of students by an executive, faculty member, administrative staff member, or teaching assistant. The Act covers all public or private universities, colleges, community colleges, junior colleges, business schools, and vocational schools. Examples of Sexual Harassment in Higher Education: 1) a professor who continually makes jokes of a sexual nature in the classroom; 2) a registration advisor who tells a student he or she might be able to get into a class if the student dates the advisor; 3) an admissions officer who tells a prospective student that the advisor will put in a “good word” for the prospective student if he or she dates the advisor; 4) a financial assistance advisor who tells a student that “if you have sex with me, I can look out for scholarships for you;” 5) a teaching assistant who promises a student a better grade if the student does not resist any inappropriate touching or sexual advances.

Protection Against Retaliation: It is also unlawful for a teacher or professor, or for the college or university to retaliate against a student because the student reported sexual harassment, participated in an investigation of sexual harassment, or because the student filed a charge of discrimination with the Illinois Department of Human Rights.

Campus Traffic Rules and Regulations

The following regulations for the registration, operation, possession and use of vehicles apply to all Eureka College student, faculty, staff, and visitors while operating such vehicles on the Eureka College campus. Persons who own, possess or operate a vehicle on the Eureka College campus are responsible for knowing the regulations; ignorance thereof does not constitute a valid defense for failure to observe any of the regulations or absolve violators from any penalties described herein.

Purpose of Parking and Traffic Regulations

- To provide for the safety and protection of College students, faculty, staff, and College visitors and guests.
- To facilitate the work of the College by providing parking space for those who need it most.
- To provide parking for College visitors and guests.
- To protect pedestrian traffic.
- To ensure access at all times for ambulances, firefighting apparatus and service vehicles.

Use of Facilities

- The appropriate Eureka College registration is required on all vehicles belonging to students, faculty, and staff that use campus parking facility.
- Visitors and guests are welcome on campus and may park in any College parking lot while conducting business on the college campus. Visitors and guests in parking spaces and in traffic regulations, however, are under the same rules and regulations as permanently registered vehicles. Visitors are encouraged to park in the Burgess Lot.
- Eureka College assumes no responsibility for the care or protection of any vehicle or its contents while it is operated or parked on the property of the College.
- Eureka College reserves the right to temporarily close any parking facility or area for College purposes if necessary. When possible, advance notice will be given. Any vehicles entering a barricaded area or passing a barricade may be ticketed and/or towed at the owner's expense.

Parking and Operating

- Parking areas are defined as Residential, Commuter, or All Campus (Student/Faculty/Staff). Those with registration should know and abide by these defined areas. Eureka College Students operating vehicles on campus are required to know the defined parking areas of the campus.
- The responsibility of finding a legal parking space rests upon the vehicle operator. A parking permit does not ensure the availability of a parking space, but grants the privilege of parking in College lots when space is available. The fact that other vehicles are parked improperly shall not constitute a valid excuse for parking with any part of the vehicle over any line or in a No Parking Zone, perimeter parking, fire lane, blocking driveways, handicapped parking or reserved space. Should an individual parked in violation of any regulation not receive a citation, it does not indicate that such parking is authorized, that the regulations are no longer in effect, or that a future ticket is invalid.
- Vehicles shall be parked totally within those areas specifically designated as parking spaces by parking blocks and/or painted surface lines: all other areas shall be construed as no parking lines. Only one vehicle shall legally be parked within the boundaries of any given parking space.
- Yellow curbing or parking blocks indicate no parking, unless otherwise indicated by a sign or lettering on the blocks or pavement. Students should familiarize themselves with all available parking in order that when circumstances prevent clear identification of no parking or reserve spaces (snow covered) the student shall so remain aware of that fact.
- Parking and driving is prohibited at all times on grass, where it would mar the landscaping of the campus, create a safety hazard, interfere with the use of College facilities, or any area not specifically paved or
graveled for parking or driving use. Such areas will include but are not limited to, posted no parking zones, yellow zones, fire access area, crosswalks, and sidewalks.

- Vehicles are to be maintained in operating condition at all times on College property. Unless special permission has been obtained from the Associate Provost for Student Affairs and Dean of Students, a vehicle which appears to be abandoned, with or without current College registration, may be disposed of in accordance with State of Illinois statutes after an attempt to locate and notify the owner.
- Pedestrians in a designated crosswalk shall have the right of way at all times.
- The speed limit is 20 mph on campus streets and 10 mph in parking lots, unless otherwise posted.
- Local, state and federal laws apply on all campus locations.

**Designated Parking**

- All Campus (Student/Faculty/Staff) parking: Wood/Gunzenhauser, Burgess East, Reagan West Lot, and Reagan East Lot.
- Commuter/Faculty/Staff parking: Melick Library Lot (as designated), Pritchard Parking Lot, Burgess Parking Lot, Cerf Center South Lot and Reagan East Lot.
- Residential Parking: Jones Lot, Burgess (as designated), Alumni Court Parking Lot, and Langston Lot.
- Commuter Parking: Melick Library, Pritchard Hall, and Burgess Lot.
- These parking areas are in effect from 7:00 a.m. until 5:00 p.m. Monday through Friday. Individuals who desire to park in these areas, with the exception of residential parking, must realize that if they do not have proper permits for the designated area, the vehicle must be moved from the space prior to the next day's activities.

**Registration of Vehicles**

- All motor vehicles of students, faculty and staff, including motorcycles and scooters, using College parking facilities must display a valid parking permit.
- Registration of student vehicles will occur during regular class registration. After that time, it is the responsibility of the individual to register the vehicle in the Student Programs and Services Office. Temporary parking permits are available for two week intervals. Students bringing unregistered vehicles to campus should register those vehicles within 24 hours of arrival.
- Only one valid annual permit may be displayed on each vehicle.
- Parking permits for faculty and staff are issued initially at the time of employment. Faculty and Staff should update registration information when they change vehicles.
- Registration is not considered complete until the parking permit is displayed properly (attached to the rearview mirror) in the registered vehicle. A vehicle not displaying a parking permit will be treated as an unregistered vehicle.
- The vehicle registrant continues to be responsible for all tickets written against the permit while valid. Lost or stolen permits must be reported to the Student Programs and Services Office. Permits may not be transferred from one vehicle and/or person to another.
- Temporary permits will be issued for valid reason, e.g., borrowed or rented cars, etc. These permits will be for a two week period and are under the same rules and regulations as permanently registered vehicles. These permits are available at the Student Programs and Services Office.

**Enforcement**

- Violation fines will be assessed as follows:
  - Failure to register a vehicle or display a permit - $20.00.
  - Improper display of permit - $20.00.
  - Restricted parking (visitor, maintenance space, reserved space, etc.) $20.00.
  - Improper parking (on grass, sidewalk, outside designated spaces, etc.) - $20.00.
  - No parking zone or not designated parking - $20.00.
Parking in fire access area - $20.00. (Please note: Vehicles parked in access areas may be towed at the owners expense, if the owner cannot be located within a reasonable period of time.)

Moving violation (includes but not limited to: reckless driving, driving in excess of speed limit, failure to stop at stop signs, failure to yield to pedestrians, driving on grass, etc.) - $20.00.

Repeated violations may result in cancellation of vehicle registration or permission to register a vehicle. Upon receipt of the fourth ticket, the individual will be referred to the Associate Provost for Student Affairs and Dean of Students to determine future vehicle use on campus.

If a student is ticketed for reckless or careless driving, additional fines can be imposed.

The driver can also be responsible for payment of the cost of repair including signs, buildings, grounds, sidewalks, sodding, etc.

In the event of violations which cause potential danger or serious damage to persons or college property, referral may also be made to the Associate Provost for Student Affairs and Dean of Students.

Fines will be assigned to student accounts. Prompt payment of tickets is encouraged.

Persons who have been issued a parking or traffic ticket who feel extenuating circumstances precluded the violation may, within ten working days, appeal the ticket in writing to the Associate Provost for Student Affairs and Dean of Students. If the appeal is accepted, the violation will be voided. If the appeal is denied, students must pay the fine. The decision of the Associate Provost for Student Affairs and Dean of Students is final.

Eureka Police Department has full authority to enforce city and college regulations as necessary on college property and city streets.

Reference to the entire Eureka College AIDS and Infectious Disease Policy can be given upon request.

Acquired Immune Deficiency Syndrome (AIDS) and any form of HIV disease is a fatal disease that affects the proper functioning of especially the patient's immune and nervous systems. It is transmitted only by intimate sexual contact between infected partners, administration of infected blood and blood components, use of contaminated needles and other invasive instruments and from an infected mother to her child before, during or after birth. This policy also concerns the prevention and introduction of sexually transmitted and vaccine-preventable diseases such as measles, mumps, rubella, diphtheria, tetanus, and pertussis.

All incoming students and employees shall be informed of the provisions of this policy. Existing students and employees shall be educated periodically through SPRUCE and the Residence Life Office.

In cases of HIV disease in which the infected student has allowed that information to be posted on his/her College Medical Record, the Associate Provost for Student Affairs and Dean of Students shall consult with the student upon his/her enrollment in the College. The Associate Provost for Student Affairs and Dean of Students shall also consult with an appropriate administrator although such consultations shall not breach the confidentiality of the student. Such consultations shall allow the infected student and the Associate Provost for Student Affairs and Dean of Students to plan his/her education so that the student will be assured of confidentiality and appropriate medical and counseling services from the College and Chaplain's Office respectively. Further consultation shall be required to assure safe and healthful participation of the infected student in a total Eureka College experience. The HIV-infected student/employee is encouraged to seek confidential assistance from the College Chaplain and the Associate Provost for Student Affairs and Dean of Students.

All HIV-infected employees shall be granted the same rights towards due process and
grievance as any other College employee under their respective contracts and policies. The administrator shall also consult with the HR Coordinator of Eureka College. Such consultation shall not breach the confidentiality of the HIV-infected employee unless prior written approval is received from the employee.

If the consideration of such cases concerns the employee's continued employment at this position, the consulted parties shall investigate if the individual's physical/mental ability is related to the essential job functions has been adversely affected, and if the infectious disease presents a health risk to the college community. Immunization Information

In order to register for classes at Eureka College, the Immunization Sheet must be completed and in the possession of the Office of Student Programs and Services. A student cannot attend classes or participate in or practice for intercollegiate or intramural competition unless this record is on file in the Office of Student Programs and Services.

Because of Illinois State Department of Health requirements, it is important that these instructions be closely followed. Should it be necessary to provide further clarification, please attach additional information as necessary.

This form is to be completed by a physician (or health care professional licensed to provide immunization verification). The actual signature of the health care provider is required.

**Diphtheria, Pertussis, and Tetanus (DPT, DT, or Td vaccine):** The student must have received three doses, with the most recent dose within the years of enrollment. Eureka College strongly prefers that the most recent dose be within six years of enrollment (Tetanus Toxoid vaccination does not meet this requirement).

**Measles (Rubella):** Students must have had two immunizations and must have been immunized on or after their first birthday with the LIVE measles virus vaccine. Month, day, and year must be documented to leave no doubt that the person was immunized on or after their first birthday (laboratory evidence of measles or physician’s signed confirmation of disease history is acceptable). Individuals vaccinated prior to 1968 must show proof that a LIVE virus vaccine, without gamma globulin, was administrated.

**Rubella:** Students must have received the rubella vaccine on or after their first birthday. Laboratory confirmation is acceptable. A history of disease is not acceptable as proof of immunity.

**Mumps:** Students must have been immunized on or after their first birthday (physician confirmation is acceptable; laboratory confirmation is not acceptable).

**TB Skin Test:** Required of all international students. Test must be within six months prior to entrance to Eureka College.

**Important Note:** The actual signature of the health care provider is REQUIRED. A signature stamp is not acceptable for proof of immunization. The certificate of Child Health examination from the student’s high school or Public Department of Health is acceptable for review by Eureka College. It is not necessary for student born before January 1, 1957 to demonstrate immunity. Immunization form can be found at: http://www.eureka.edu/admissions/alreadyaccepted/
**Calendaring Procedures**

A master calendar for College events is kept in the Student Programs and Services Office. To avoid conflicts, all campus related activities must be calendared, whether they are held on campus or off campus. Only members of the faculty, members of the administrative staff, staff, recognized campus organizations, and Residential Life Staff are permitted to calendar events.

Certain annual events are planned and coordinated at specific times each year. Any other event during those times must be approved by the respective event coordinator. Those events and their coordinators are:

- **Honors Ceremony**: Provost
- **Fall Parents Weekend**: Associate Provost for Student Affairs and Dean of Students

  - Faculty advisor, if the scheduling group is a student organization.

Early submission of the Confirmation Form is encouraged and enhances probability of first-choice scheduling options.

The Student Programs and Services Office Administrative Assistant will exercise authority to prevent the calendaring of events in direct competition or in conflict with College policy. Calendaring an event at a time when another event has already been scheduled, entails receiving permission from the sponsors of the
previously scheduled event prior to scheduling. Student Organizations cannot schedule events on Study Day without special permission by the Associate Provost for Student Affairs and Dean of Students.

Special needs for the event, must be indicated when scheduling. If food service is needed for the event, arrangements must be made directly with the Food Service Director. Special A/V needs must be requested by scheduling agent directly to the A/V Department.

**Special Promotions**
In order to prevent traffic congestion in the lobby and hallways of the Center and to reduce clutter, only the Pegasus racks are regularly allowed in these areas. Special temporary or free standing promotions may be allowed with the approval of the Associate Provost for Student Affairs and Dean of Students. Complete information regarding purpose, size, and mechanics must be given regarding each promotion when requests are made.

**Decorations**
Many individuals and organizations who schedule events in the Cerf College Center wish to set up decorations for their events. All patrons are expected to follow these guidelines:
- To leave the area in the same condition as it was found.
- Keep all exits free of barricades and keep exit signs clearly visible.
- Candles must be enclosed, except over the top, by glass or another fire resistant material.
- Clear any extensive electrical power demands by the Associate Provost for Student Affairs and Dean of Students and Maintenance Director.
- Keep all paper or cloth free from lights.
- Drive no nails, screws, hooks, etc., into any walls, floors or ceilings.
- Stabilize any free standing decorations both in nature and in weight.
- Neither glue nor tape decorations to any walls, windows, or doors in the Cerf Center.
- Paint decorations prior to bringing into the building.
- Water, sand, or gravel cannot be used in decorations, except when prior permission has been granted by the Associate Provost for Student Affairs and Dean of Students.
- Construct decorations only with special permission of the Associate Provost for Student Affairs and Dean of Students.
- Any damage caused by the use of decorations will be billed to the organization or individual responsible.

Statement of origin: This is an administrative document under the responsibility of the Director of Cerf College Center and Student Activities. Approval is required of the Eureka College Administration. Reviewed, Revised and Approved by the Student Affairs Committee, April 1998.
Residence Hall Student Standards of Conduct
A high standard of conduct is expected at all times. Residence Hall life is an experience in-group living; therefore, residents must respect the rights of others. Students should abide by the College's expectations and standards in a community of learning and by these additional regulations upon matriculation into the College and upon residence hall check-in.

General Provisions and Conditions of Occupancy
Students are responsible for observing all regulations contained in the Housing Services Contract, Student Handbook, Contract for Community, and notices from the Student Programs and Services Office.

Alcoholic Beverages
The State of Illinois law provides that any person less than 21 years of age who attempts to purchase, possess, consume, or transport any alcoholic beverages within Illinois and any person 21 years of age or over who sells or gives any alcoholic beverages to any person under 21 years of age in Illinois is subject to fine or imprisonment or both. The College does not condone violation of the law with respect to underage drinking. For further information on the Eureka College alcohol policy, please refer to the Eureka College Student Handbook.

Conduct
Good conduct is expected of all occupants, especially when it pertains to another's legitimate use of a residential area for sleep or study.

Commercial Enterprises
No commercial enterprise may be conducted in the residence halls without approval of the Associate Provost for Student Affairs and Dean of Students or his/her designee. The presence of any other promoter, vendor, or unauthorized visitor should be promptly reported to the Residence Life Staff or Student Programs and Services Office.

Custodial Areas
Custodial service is provided for all common areas only, which includes lobbies, lounges and common bathrooms. Student interference with service may result in disciplinary action. Cleaning of student rooms and suite bathrooms is the responsibility of the individual occupants. If a room becomes a health hazard due to not being cleaned, custodial service may be provided and the resident(s) of the room may be charged.

Damage Assessments
The student is responsible for Eureka College property in his/her room and elsewhere in the residence hall. If your living space must be cleaned for health or safety reasons by the College, you will be assessed all fees associated with repairs, labor, and/or fines. Damage charges for furnishings or equipment in a resident's room or suite will be assessed to the identifiable occupant. If damage cannot be attributed to any one individual, charges will be assessed equally among all room occupants. If there is loss/damage to common areas of any residence hall and Eureka College cannot identify responsible individuals, the College may require several or all of the hall's residents to pay a prorated group charge covering the cost of common area repair/replacement/installation.

Designated Room Assignment
You are assigned to a specific room and may only occupy that room in the housing system. Any change in room assignment must have prior approval from the Director of Residence Life. All students involved in unauthorized room changes may be assessed a $50.00 fine, may be required to move back to original room assignment, and may be subject to disciplinary action. Specific room change procedures can be obtained from the Director of Residence Life.
Drugs
Eureka College views the use or possession of any unprescribed hallucinogen, narcotic, or stimulant (exclusive of legal non-prescription drugs) contradictory to the welfare of the College community. Federal and state laws prohibit the illegal use, possession, or sale of such drugs. The illegal use, possession, or sale of drugs as defined by federal, state, or local laws is considered a violation of College regulations and will be subject to disciplinary action.

Smoking
Smoking is not permitted in any residence hall or any other building on campus. Students are permitted to smoke outside, but must be at least 15 feet from the building. Smoking receptacles are located near most buildings on campus.

Entrance to Student Rooms
The College reserves the right for authorized representatives to enter the premises for housekeeping purposes; repair or maintenance; to determine occupancy and vacancies; health or safety reasons; to protect life, limb, or property; and to assure compliance with state, federal or College regulations. Further, the College reserves the right to enter student rooms during all vacation periods for maintenance, housekeeping, and safety reasons.

Fire Safety
Fire extinguishers, fire alarm systems, and other fire prevention and protection equipment are provided in College buildings as a safeguard for lives and property.

The rendering of a false alarm is prohibited by College regulations and Illinois law. Tampering with fire bells, alarms, extinguishers, hoses, exit signs, sprinkler systems, and other equipment is punishable by a $100 fine and/or additional disciplinary action up to and including expulsion from the College.

Under the direction of Residence Life Staff, regular fire drills may be held. Students receive instructions for their specific living unit in the beginning of the school year. Failure to respond to, or in any way inhibit, a fire drill will result in disciplinary action.

Running electrical cords under carpeting, or around/through doorways is strictly prohibited. It is strongly recommended that students use only extension cords that are of a multiple outlet type with their own built-in fuse and built-in surge protector. The extension cord must be UL approved. Running additional extension cords and/or surge protectors from a surge protector or extension cord is prohibited.

Failure to comply with fire safety rules and regulations may result in termination of the housing contract (along with applicable criminal or civil charges), as well as any of the following: damaging or disabling fire safety or fire alarm equipment; intentionally activating a heat or smoke detector; turning in a false fire alarm; failure to evacuate or reentering buildings during a fire alarm or fire drill; setting a fire; or other safety violations.

Guests (responsibility for)
Students are welcome to have guests at any time as long as they receive prior consent from their roommate. However, guests are not allowed to stay for more than 3 consecutive nights. Students may request an exemption to this policy during special circumstances from the Director of Residence Life. Students are responsible for the actions of their guests (overnight or not) if the guest is not a student of Eureka College. Therefore, students should only be inviting guests to campus that they trust will uphold the policies on campus. Students will be held accountable for any misconduct, vandalism, or other obstructive behavior caused by their guest. Cohabitation is strictly prohibited.
Noise Level
Eureka College upholds “quiet hours” on every residence hall floor on campus from 11pm until 7am. During this time, residents must keep music and all other noise to a minimum. If the residents of a floor want to change these hours, they may elect to do so with a floor vote as long as 100% of the floor is in agreement of the change. “Courtesy hours” exist 24 hours a day. Therefore, residents are welcome to ask each other to quiet down at any time if they feel someone on their floor is being disruptive. If a student fails to honor this request, a student should address this with their Resident Advisor.

Pets
Students are not permitted to have pets in residence halls at any time, with the exception of fish in a 20-gallon or smaller aquarium. Students found in violation of this policy will be warned, fined $50, and could face further disciplinary action if their pet is not immediately removed.

Prohibited in Room
The following are not permitted anywhere in any College residential building: space heaters (unless provided by the College or with prior approval from Residence Life), sun lamps, waterbeds, hot plates, deep fryers, electric skillets, sandwich cookers, camp stoves, convection ovens, grills, refrigerators larger than four cubic feet, paintball guns, street signs or other public signs, Toasters, toaster ovens, broilers, weapons of any kind, candles or any open flames, halogen or torchiere lamps, and any other materials or items representing a danger to the College community. Such items are subject to confiscation and the bearer subject to disciplinary action.

Prohibited Behavior
Any of the following constitutes a violation of College regulations and the terms of this contract: vandalism; any form of threat to other persons or property; excessive noise or disruptive behavior; misuse of the residential or College computer networks; tampering with facilities or equipment; being on roofs and ledges; removal of window screens; throwing objects from buildings; leaving or storing bicycles in stairways, stairwells, hallways, entryways, or other public areas; and any other behavior which constitutes an actual danger or perceived threat to property or persons. Additional rules and regulations are contained in the Student Handbook, College Catalogue, and the Housing contract, and other notices from Residence Life.

Reasonable Requests
It is the resident’s responsibility to respond immediately to any official request from a College staff member. This includes requests for conferences, interviews, identification, and other reasonable directives (such as opening one's door) given by a College staff member, Resident Advisor, or Campus Security, when it is in the authorized performance of that staff members responsibility.

Release of Information
Students living in residence halls are presumed to be "dependent students.” Residence Life professional staff may contact dependent students' parents or guardians in circumstances involving a serious accident, illness, or other emergency or crisis situation.

Room Condition
You (and your roommate(s), if any) are responsible for leaving your space in the same condition in which it was found upon moving in (as stated on your Room Condition Report completed at check-in). Charges will be assessed for repair or replacement of damaged or missing furnishings and equipment; special cleaning necessary due to misuse of facilities; removal of any extra furniture or abandoned property, or large quantities of trash; or other unusual conditions requiring correction. You are responsible for notifying Residence Life immediately upon discovering any deteriorated or altered room condition. During scheduled College breaks, all students will be required to follow specified checkout procedures. If checking-out (or changing rooms) of the residence halls,
students must follow all checkout procedures. Occupants are expected to keep their rooms in a clean and orderly condition at all times. Refuse and recyclables are to be placed in the appropriate receptacles. Failure to comply will result in fees assessed or disciplinary action. Damage assessments will be conducted at the end of the spring semester and students will be charged for any damage not previously indicated on the Room Condition Report.

Furnishings provided by the College may not be removed from resident rooms, suites, or common areas without the approval of Residence Life. Furniture is not to be disassembled. Charges for moving furnishings back to their proper location and for the loss or damage of furnishings are assessed against the resident(s) responsible.

You are NOT permitted to move furniture from public areas into your living space, nor may you remove furniture from your living space. A service charge will be assessed to return furniture removed from student rooms and common areas at $50 per item per room. Beds placed on desks, radiators, windowsills, etc., constitute a safety violation and are strictly prohibited.

Mutilation of walls by use of pins, tacks, nails, stickers, adhesive tape, etc.; marking of walls with chalk, crayon, or other materials; damage to room furnishings or any abuse to a resident's room and/or College owned contents of that room which exceeds the limits of normal wear is prohibited. Students will be held responsible for all fees associated with the repair/replacement of any damaged items.

**Room Keys**
Each student receives a key to his or her room and building at the beginning of the school year. Keys are issued by a member of the Residence Life Staff upon the student's signing into the residence hall. Upon termination of residence, the key must be returned. In the event that keys are lost or not returned, locks will be changed and the student charged accordingly. No student shall knowingly possess, duplicate, copy or make a facsimile of any key to a lock of any residence hall. A replacement fee will be charged to any resident who requires a duplicate key.

**Security**
Security is everyone's responsibility. Actions, which compromise the security of residents or living areas, will subject the individuals responsible to fines and/or disciplinary action.

**Solicitation**
The residence halls may not be used as sales rooms or for the storage of merchandise. Door-to-door sales in the residence halls are not permitted at any time without prior approval from Residence Life.

**Storage**
Storage space is not available in the residence halls for personal belongings or for the removal of college furnishings. Bed frames and mattresses may be removed (in limited locations) for those residents with prior approval to be stored at the Eureka College Physical Plant. There is a storage fee if this service is utilized.

**Telephone**
Telephone lines are installed in individual rooms. Students are required to supply their own telephones. Any misuse of this service will be considered a violation of College rules and regulations and subject to disciplinary action, including the possibility of suspension or dismissal from the College.

**Unauthorized Areas**
Students are not permitted in maintenance areas, boiler rooms, roofs, storage areas, or custodial areas of the buildings, and are subject to disciplinary action if such violations occur.
**Damage Charges**

Residents are responsible for leaving rooms and common areas in the same condition in which they were found upon moving in. Damage assessments will be conducted at the end of the spring semester and students will be charged for any damage not previously indicated on the Room Condition Report.

Maintenance Labor Charge Will Be Billed at $35.00 per hour (1 hour minimum)

Note: All charges include Labor unless otherwise specified.
