CPT Information for Advisors

- Curricular Practical Training (CPT) is defined to be alternative work/study, internship, cooperative education, or any other type of required internship or practicum that is offered by sponsoring employers through cooperative agreements with a school.
- CPT is only available to F-1 (degree-seeking) students when it is an integral part of an established curriculum. In practical terms, “integral part of an established curriculum” means an opportunity must be required by the curriculum or, if not required, the student must receive credit for the training.
- J-1 (exchange) students are not eligible for CPT at Eureka College.
- F-1 students **must** be enrolled for one full academic year before they are eligible for CPT.
- Once a student has completed 12 months of full time CPT, he or she will become ineligible for Optional Practical Training (OPT) after graduation. Part time CPT does not impact eligibility for OPT.
- F-1 students are required to maintain status while completing CPT. This means that the student **must** be enrolled in a full course of study (12 credit hours per semester) during the CPT period. If the student’s CPT is less than 12 hours, he or she must be enrolled in other courses.
- The student **must** meet with the Coordinator of International Student Services **before** they may begin work.

*If you have any questions regarding a student’s eligibility for CPT, please feel free to contact the
Coordinator of International Student Services.*
